NARRATIVE

On 5/26/23 at 0940 hours i was dispatched a call for service at [redacted] company for a subject inside causing a disturbance.

Upon arrival, i was met by store staff and the male subject, Anthony Farrer. Anthony was holding a Richard Mille watch in his hand that he said was his. He stated that the watch was stolen from him on march 18th while was out in Phoenix. He then stated his friend saw that the store had the watch and he flew back out.

I asked the store if he had proof that the watch was his and if he had a receipt of the correct papers for the watch. He stated that he bought the watch without papers. I then asked why he fail to make a police report for a watch that he stated cost \$250,000. He stated he did not think it would be worth it. I then advised him that he needs to make a police report with Phoenix PD.

I then spoke to the store employees who stated they purchased a watch from a male fro \$130,000 and they were waiting for it to clear LEADS before they could put it out for sale. They stated they have a picture of the males ID who sold them the watch. They also stated they put a hold on the checks until the situation is resolved.
