# SETTING THE TONE

Our latest catalogue sees a divergence in colour palettes as autumnal hues begin to come into play through earthy burnt oranges, khaki greens and dusky pinks to name a few. Cooler nights will begin to call for light layers, and we have you covered with irresistibly soft knit pullovers and cardigans in merino or lambswool, and dresses to keep you warm yet still chic. Plus leather and denim jackets in light buttery colourways to keep your look street smart but always feminine. Enjoy.

**A MORE RELAXED SIZE RANGE** A size range has been developed for lower fitting, more relaxed styles: 1X, 2X, 3X, 4X. See body measurement chart for size specifications.

**HOW TO ENSURE A GOOD FIT** SARA's Fit Specialists and Quality Control team are committed to ensuring that every style corresponds to our size charts. To ensure you receive styles that are just the kind of fit you like, please take a moment to measure yourself and then use these measurements to select the correct size for you.

Please note these are body measurements and not garment measurements, which vary according to style. When selecting your size, fit to the widest part of your body, choosing the size nearest to the widest measurement. For further info please visit our website or phone our contact centre to talk to a Customer Service Representative.

**MEASURING TIPS** Measurements may vary in size specific items depending on the style and ease allowance, but they will still fit the body size indicated.

**BUST** Measure around fullest part and across shoulder blades.

**WAIST** Measure around natural waistline keeping tape comfortably loose.

**HIP** Measure around fullest part of seat, approx. 22cm or 9" down from waist.

(they measure for trousers, jeans, and skirts).
