Welcome to our third annual Community Mission to Serve Our Veterans! Join us on Thursday, February 22nd, from 4 AM EST/2 AM MTN to 2 AM EST/12 AM MTN, as we open the discussion on supporting our heroes in their battle against the invisible war.

Over the past three years, we've heard stories of triumph, tragedy, hope, and fear. We've also discovered cutting-edge procedures and products to aid our heroes. Our guests have shared the importance of their stories, realizing the impact on others facing similar challenges. This year, we're introducing organizations nationwide dedicated to improving the lives of our heroes, whether in times of peace or conflict.

To maximize our impact, we've partnered with outstanding organizations across the United States, addressing the daily struggles faced by our heroes. As part of this program, we're raising funds for 10 highlighted organizations. Every sponsor and donation will be divided among these organizations. While membership in Community Pay it Forward is not mandatory, it is encouraged.

There are 4 ways to get involved. Pick one, pick all three. Just make sure your day is dedicated to helping us help others and saving our heroes' lives.

[Veterans Honoring Veterans:](#) Veterans Honoring Veterans (VHV) is an organization of veterans and supporters whose mission is to honor US military Veterans in Northern Colorado, and beyond, by presenting them with a commemorative statue of their branch of service. Presentation of statues are made bi-monthly at the PAMVET (Proud American Veteran) breakfast at the Golden Corral in Loveland, CO.

[The Price of Freedom Foundation:](#) We produce stories worthy of retelling. We tell the complete life story of those who pay the ultimate price for our freedom.

Working with the families and friends of the Fallen, we employ professional writers to produce a full biography honoring the life and sacrifice made by each military service person.

We produce books in print and digital formats, as well as video documentaries, that are given to the next of kin at no cost to them and sold at retail to extended family, friends, and interested members of the public.

We are a non-profit that serves the memory of those who have served.

[Rescue + Residence:](#) Identify eligible homeless veterans and provide them with solutions to two of the most significant barriers to successfully leaving homelessness behind and achieving success as they define it. A home that meets their needs with a physical address. The mobility to take a skills-based job of their choosing anywhere in the country.

[Healing Warriors Foundation:](#) Healing Warriors program provides non-narcotic therapy for veterans and service members and their families for pain, PTSD, and sleep. Healing Warriors Program envisions a suicide free world where all veterans and their families thrive.

Our mission is to improve the wellness of veterans and their families through non-narcotic care.

Lives are being lost every day. All I am asking is for you to put your company, your experience, your story out there so it is available for others who are ready to support our heroes. This is way too important for only a few of us. We all need to come together for our heroes. For those who loved our way of life, our country enough to sign their names on a document of patriotism and love. With your help, lives can be changed. Please use this link to reach out to me and let's change veteran lives by saving them first. Your story could be a key to the answer for someone.
