// Acknowledgements

The publishers of this hymn book wish to thank the following for making this hymn book a success:

- The Zimbabwe Catholic Bishops' Conference (ZCBC) for putting their trust and confidence in Life Lines to produce this Hymn book.
- The Zimbabwe Catholic Association of Sacred Music (ZICASAM) for composing the songs and helping us complile them.
- E.N. Dhliwayo Chimuti, D.T. Zavazava, J.V. Chinondo, W.C. Ringisai, N. Magada, Mai Takura, Mai Zvichauya and Mai Muganhiri for providing us with the lyrics of the songs whose composers are deceased.
- The Church in Need *(Germany)*, The Jesuit Mission *(Germany)* and The Bethlehem Missionary Society *(Zimbabwe)* for the financial assistance.
- I would like to thank in a very special way the person who dedicated all his time, effort and talent to the production of this hymn book but who does not want to be mentioned by name. Without him, this hymn book would not have succeeded. Thank you so much and God bless you with the graces that you need most in your life today and always.

Above all, we would like to express our greatest gratefullness to our Lord who was with us from the beginning; for making us strong, for the inspiration, for the guidance and for the will to keep on moving forward to the final realisation of the hymn book.

Foreword

Efforts to create African tunes that are closer to the lives of people of Zimbabwe began way back in 1962, thanks to the generous guidance and encouragement of the Bethlehem Missionaries such as Fr Lenherr, Schuler and Feurer of the then Gweru Diocese as well as the blessing from the Bishops' Conference of the time. This led to a new development of the book, ***Mupiro Wedu***, later changed to ***Minamato***, which was published by Mambo Press.

Since then, over 1 200 hymns have been composed by men and women of this country. Mr Stephen Magwa Ponde was identified as the first and main person to spearhead this big shift in the Church. In some way, he is regarded as the Father of Shona Catholic hymns in Zimbabwe. He was later joined by others like A. Shamu Maurunge, W. Makumbe, A. Nyika, D.T. Zavazava, E. Dhliwayo Chimuti, L. Hakireni, S. Mashoko and A. Makamure from the Gweru Diocese and Fr E. Ribeiro and C. Chawasarira from the Harare Diocese. To this date, the group of composers in Zimbabwe now has over 300 members.

Years later, in his report, Fr Lenherr had this to say, "*Looking back on how God made our efforts to succeed, despite their shortcomings, I am grateful for the rich blessings He has given to the Church among the Shona people. The courage and dedication of the first composers enabled people to praise God by means of the musical gifts He has given to them. The fact that so many texts sung in our Church are taken from the Word of God in the Bible, has had the amazing side effect that now they know a great part of the Bible by heart."*

Almost all the hymns composed since 1961 are in this book. It is my hope that this Hymn Book will strengthen and deepen the faith and trust of the people in God, helping them to cling to God alone in good and bad times so that they can live by the Gospel values of love, justice, peace and uprightness in their daily life. It is also my hope that this Hymn Book becomes a simple but effective tool of evangelisation. I encourage you to use it to the fullest advantage and also to familiarise yourselves with the old hymns for the greater glory of God.
