Video Analysis and Performance tracking tools allow us to relay important information to our players. With each individual under what is quite often excessive loading, it is important to be able to manage this via our GPS System.

# ACADEMY CULTURE

---

It has become clear that in the modern game a winning mentality must be adopted in order to progress forward. However there are high's and there are lows, and a healthy yet inspiring club culture is a must.

Both on and off the field players must tick certain boxes and compromise with our Academy Philosophy and Culture. This is a non negotiable, to being a positive influence amongst peers.

## 01. PROFESSIONALISM

Being a professional extends well beyond just matters on the pitch. We believe that a professional lifestyle is key to unlocking your potential as a player. Through a high quality training plan, combined with proper nutrition and physical and mental well-being check-ins, we provide our players with all the tools necessary to achieve and unlock their potential as players.

# ACADEMY CULTURE

## 02. LA FAMILIA ES TODO

"Family Is Everything" and we understand that for a lot of players this may well be their first time living away from home and almost certainly living in a foreign country.

It is so important to us that we create a welcoming and friendly environment where players feel relaxed, free and are above all able to enjoy their football whilst at the academy. Once you come become part of the family, you're a member for life, with support and contact available to you before, during and after your time with us.

Ultimately, we want every player to come away with a smile on their face, knowing that they've had an incredible experience and footballing experiences they'll never forget!

## 03. ELITE RIVALS

To be the best, you have to play the best. We strongly believe that in order to improve as players and for ourselves as coaches, we have to test ourselves against the toughest competition there is.

Fortunately, in Spain and in Andalusia specifically, we are blessed with a multitude of professional clubs against whom we are able to test ourselves, week in, week out.

We offer fixtures against some of the best and most well-known clubs across Spain, in order to immerse our players into a truly elite footballing environment.
