

## **ASMR to Get Over Your Ex – Schoolgirl Adopts You! “InuYasha” Anime Roleplay (Whisper-Repeating Trigger Words? Pokes & Plucks / Up Close Ear to Ear Attention)**

*Fade into your now ex, Kikyo-sama, peering over you bitterly as your lives together end...*

@SMR:Poke poke poke (pressing the arrow deeper? Squishy sounds??)

"How does it feel being 'torn apart' inside where I pierced your heart?

Yes it's me, your once 'beloved' Kikyo...

But I now know you were only pretending in order to steal my sacred treasure!

And now as punishment for betraying me, you'll be cursed here forever alone!"

*Fade to black, "50 years later" appears, fade to curious-eyed girl just where Kikyo was...*

"Is that a boy? ...Are those dog ears? Think I wanna touch 'em~"

@SMR:VisualBehindEarScratching/ScreenEdgeLensTapping (Dog) ears?

" 'Kikyo?' Who is Kikyo? My name is Kagome. Ka Go Me!"

@SMR:RepeatWhispering "Ka, Go, Me~ Ka, Go, Me... Ka, Go, Me....." etc.

"Your outfit's material is such exceptional quality..."

@SMR:RubbingSoftFabricSounds?

"Red really suits you huh, sorry for touching your chest but..."

Did you know there's an arrow in your chest?! Would you like me to pluck it out?"

@SMR:Pluck pluck pluck (removing the arrow)

"Ok it's gone, all better good as new!" :)

"What? You're mad? About what your ex Kikyo did to you?

C'mon don't you think holding a grudge for 50 years is a bit much?

I think I have something to calm you down..."

"These beads bring peace to those who wear them and hear the trigger words

Trust me, it's not a dog collar or anything like that everything will be OK!"

@SMR:Tapping on the beads

\*places the beads around viewer's neck\*

"Perfect fit! Boy do you look even more handsome now!

So what will you do now that you're no longer bound by your ex?

I'm searching for jewel shards... want to come with? Not a date ofc! Cmon it'll be fun!"

*Fade into a new scene encountering Kikyo one night with Kagome nowhere to be seen...*

"You... WHY are you still ALIVE?! Why did you betray me?"

More excuses I see... Don't pretend, I've seen how you've tried replacing me with a copy I still recall how you said you wished to become a decent human so you could be with me"

"But I can't stop hating how much it killed me what a fool I was for believing you... That's why I'll never allow you to forget about me... you'll live in our past forever now without any better future~ Thus I'll even "cheat death" by living on in your heart!"

*Kagome's voice:* "Can you hear me? You've got to tell Kikyo how Naraku deceived you!"

"You must hate me being the soul sucker I am to remain here..."

What's this, 'Never a day went by without thinking about me? You'd **never** despise me?' Interesting... say truly you wouldn't despise me even at the cost of your own life??"

**@SMR:**Up Close Alternating Ears Whispering "embracing" the screen from now until... ?  
(Kagome's voice always heard from side opposite Kikyo, then Kikyo moves to that side? ;)

"After meeting you I renounced being a priestess and became just a woman... I longed to be with you like this in our other life together"

*Kagome's voice:* "You're going to take her back... Am I going to cry? I'm such a fool..."

"We cannot go back to that time, so please let's stay like this just a while longer :)  
Would you agree to it? If I did stop time?" ;)

*Kagome's voice:* "I can't watch, I should just leave... HEY are you even listening?!"

"I will never let you go now... come with me, deeper and deeper down~"

*Kagome's voice:* "You've got to get away from her! Listen Kikyo, nobody promised you sacrifice! Unlike you somebody IS pursuing Naraku for that costly deception long ago!"

"Come! Rather than living with my memory, you and I share the same desires"

*Kagome's voice:* "How dare you! Poor things unconscious! I'm warning get away hands off!!"

!!

*Kikyo finally "backs up" from being so "up close" in the screen...*

"That girl is taking everything from me, I must hurry before this vessel is fully emptied"

*Kagome's voice:* "Wake up! Don't let her take you!! (Call out my name, you'll be saved)"

...

"... Is that girl now more dear to you than I?"

.....

Never forget, the feeling of my tingles towards you~ for they were no lie..."

*Fade into a new scene facing now only Kagome...*

"You know we really should talk... Have you considered looking for jewel shards alone?"

After all the only reason you need me is to find all those shards for you isn't it??

Nevermind what I said, guess I'm just feeling alone in this world~"

" 'I'm not alone' and 'I have you' ?

Oh I get it now... that whole time with Kikyo, you didn't notice I was right there all along

I had a front row seat... That's right from start to finish~ So I think I need a minute..."

(Perhaps some obedience training is in order so you won't stray ever again?)

"Remember the gift I gave you to wear and the trigger words..."

**@SMR:**RepeatWhispering "Sit / O Su Wa Ri ~ Sit / O-Su-Wa-Ri, O, Su, Wa, Ri, Sit" etc.

"You can't choose both... There can only be one! I'm glad you made the right choice" :)
