

How to Earn £50+ tax-free in 15 minutes

Hello! You are reading this because you expressed an interest in earning legal tax-free money, in your own time, from home. **Since April 2016, I have made over £35000+ after starting with just £30**, and now it is a full-time income that I do anywhere.

What do I do? [Matched Betting](#) and casino Advantage Play- There are around 50,000 Matched Bettors in the UK, increasing fast. **MATCHED BETTING IS NOT GAMBLING**, but a calculated way of making £10-100 per hour 'working' from home part time, using free bets, new account offers, and promotions coupled with cutting-edge, integrated software and websites to convert bonuses to cash. Those giving 5-6 hours a day can earn £20,000 a year or more, TAX FREE. **There is over £3000 available in opening offers alone.**

All you need-

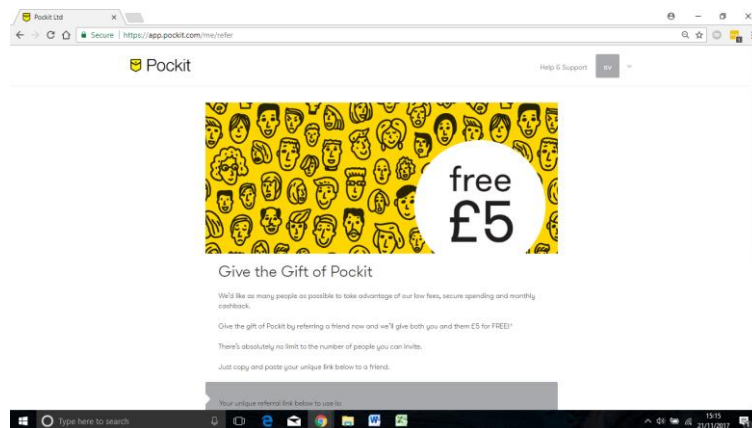

1. A laptop/ pc with broadband access.
2. A UK home/IP address (OR EXCELLENT WIFI).
3. £50 to start (but the more you have to start, with the more you can earn)
4. An email address – ideally one just for this
5. A separate UK bank account (VISA debit) just for Matched Betting
6. 15-30 mins a day
7. To be prepared to go outside your comfort zone

IT IS NOT IMPORTANT FOR YOU TO UNDERSTAND THE MECHANICS OF HOW THIS WORKS. Just have faith and watch your bank account grow. You need know nothing about sports, software or bookmakers. The tools you will use are easily learned.

What is this NOT

- We don't Cheat (complies with all laws and regulations)
- We don't use some kind of progressive system (because they don't work!)
- We don't Gamble (Gamblers lose, we use controlled processes to win)

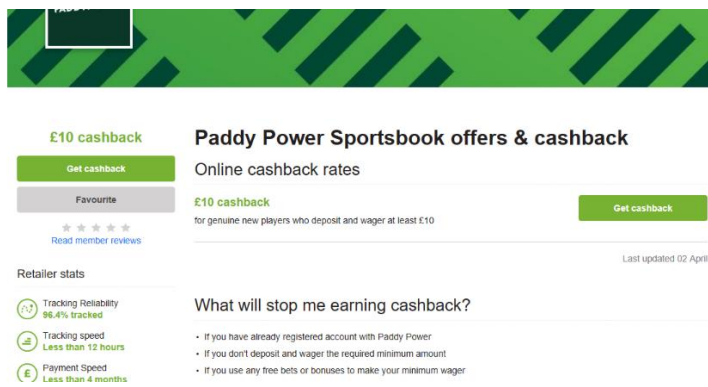

1. Open a new email account just for Matched Betting. Gmail or Hotmail is fine, eg bluejoebloggs@gmail.com.
2. Use an old existing or empty VISA bank account or open a prepaid Mastercard Debit account like [Pockit](#) (99p) which involves no credit checks or credit ratings (**and pays you £5**), and deposit £50.

3. Open a free account with cashback site Quidco – email us for a code to earn a **£5 referral bonus**.

4. Via Quidco, open an account with Paddy Power, to trigger £10 cashback.

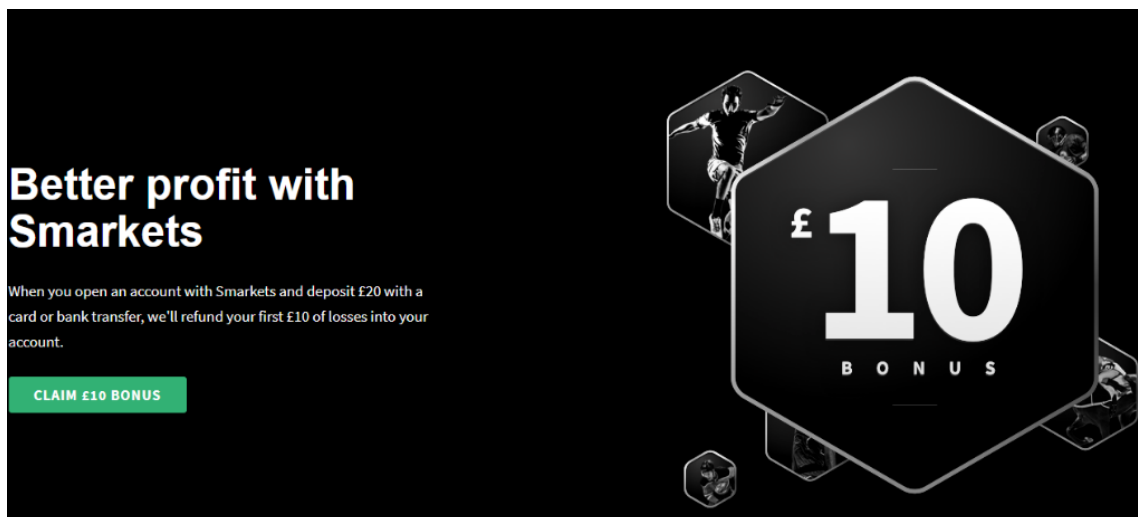

5. Deposit £10 to Paddy Power to get their "Bet £10 get £40" offer (£30 of free bets, £10 casino credit)

6. Sign up to Oddsmonkey (Matched Betting website- for tools and forum- essential) for £1 for 7 days trial with [this link](#).

7. Open an account with [Smarkets](#) (betting exchange) and deposit £40 to get a £10 cash bonus.

- After watching the easy-to-follow beginner tutorials, use Oddsmonkey software to find a good match (max 50p loss) to place a £10 bet, to trigger the £30 of free bets.

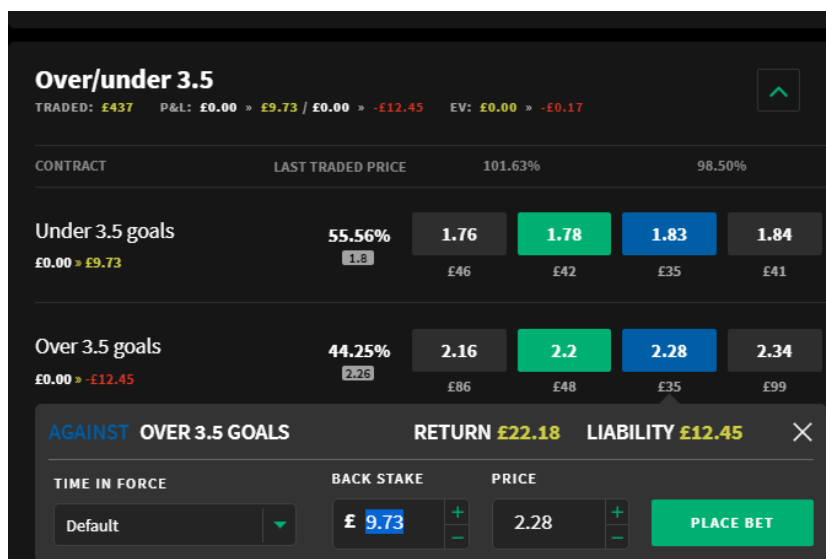

In this instance, I used the horse Great Bear at Doncaster 5pm, at 2.5/2.6 odds.

- Use Normal in the calculator, and input the odds taking a Qualifying Loss of **no more than 10%**

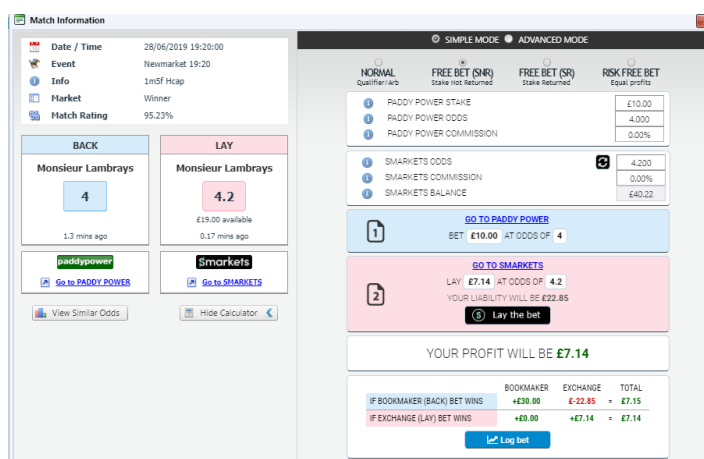

This example gives us a **Qualifying Loss of 46p**, no matter what the result.

- Place your £10 Qualifying bet with Paddy Power.

- Place your Lay Bet with Smarkets.

12. As soon as Paddy Power credit the 3 x £10 free bets, and you have enough liability in Smarkets to cover each bet, repeat steps 7-10, using higher odds (min 3.0+). **Use SNR in the calculator instead of Normal.**

In this instance, I used a horse named Monsiuer Lambray at odds of 4/4.2, a fairly close match.

Regardless of the outcome, this deal wins £7.14 in CASH, which will be either in your Paddy Power account (if the Back bet won), or even better, in Smarkets (if the bet lost). Repeat steps 7-10 for all 4 free bets.

You can do this same bet for all 3 free bets (x£10 each), or you can do 3 different bets of £10 with good matches. *The more liability you have, the higher odds matches you can use, the more profit you can make from the free bets, eg odds of 8/8.2 would return £8.36 from the £10 free bet. If we placed all 3 bets on this event, this is £25.08 PROFIT, with a £10 casino bonus to come.*

This example generates £25.08 profit, less the Qualifying Loss (46p) = £24.62. With a £10 refund from Smarkets and £10 cashback coming, this gives is **£44.62 PROFIT.** By using my links for Pockit (£5), and Quidco (£5.00) an extra £10 makes this worth **£54.62 TOTAL PROFIT. For 15 minutes work.** Then you have a £10 Casino bonus to use at Paddy Power, which can result in anything up to a Big Win, and all winnings go to your cash balance. You can use any earnings as you like (once withdrawn from bookie/exchange), or you can use it to start turning your Matched Betting into a second income, an opportunity which is **ONLY AVAILABLE TO UK CITIZENS.** You too can build it into a business.

- Cashback is NOT guaranteed. Only use cashback sites for open offers if you have no intention of long term account use.
- Check you have enough liability in the Exchange, and that the Lay odds are unchanged, BEFORE placing your Back Bets.
- Ideally use big games, teams and events. Premier League football is best, on a Saturday...

This information is free and enables you to make at least £50 profit from just one deal. There are over 50 bookmakers offering over £2500 in free bets, cashback and bonuses just for the Opening Offers. There is around £3000 to be made from similar deals with online casinos, using profits from matched betting. The trick is knowing which deals are where and how best to do them, and not to make any mistakes (which cut profit).

ALL WINNINGS ARE TAX-FREE, as they are classed as gambling earnings (like winning the lottery).

If you or anyone you know would like to how to-
