We reach a strong investor base through relationship marketing strategies that clearly define the proposition and potential returns.

We work with several reputed developers in Dubai UAE and offer a variety of investment choices.

Develop and Act on Market Intelligence

How we do it

The team is in constant touch with developments in the market – what new offerings real estate developers are releasing into the market. All information collected is carefully recorded on our bespoke CRM system and used to develop any sales and marketing strategies

Investment advisory services

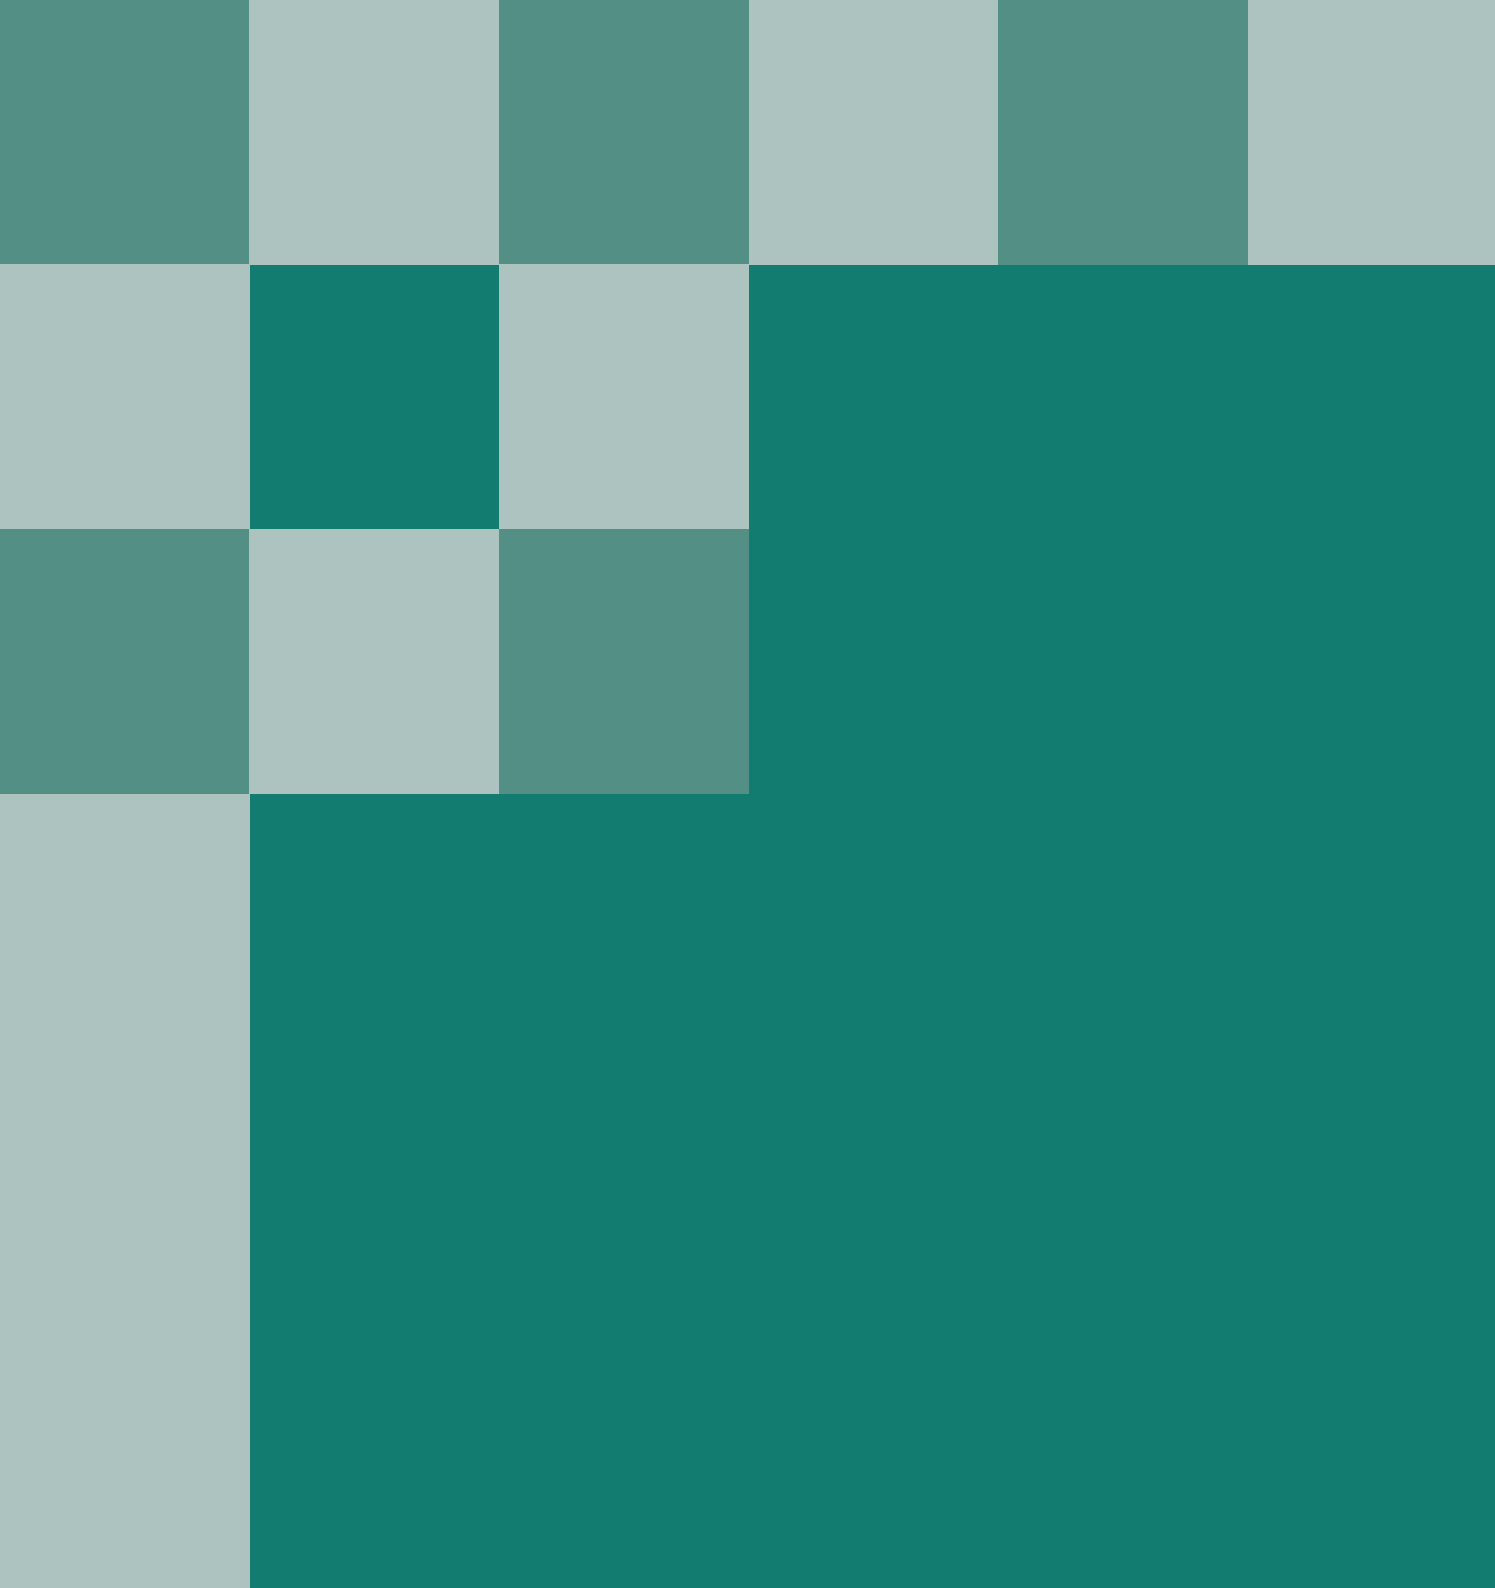

Auric Acres is able to assist Global Investors to make intelligent investments in real estate and other assets. Our local office in Dubai assures our clients peace of mind when it comes to finalizing any arrangements on site.

Property marketing

Our deep knowledge of the market, who we are talking to helps us communicate powerfully with them through a variety of cost-effective channels. We are fully capable of adapting an existing advertising campaign to local standards, or creating a new one.

Brokerage services

Auric Acres acts as an intermediary in negotiations between buyers and sellers, generally representing one or the other. This involves managing expectations, coordinating property closings, overseeing signing of documents and disbursement of funds.

How you can benefit with Auric.

Team - Auric Acres is managed by seasoned real estate professionals, with many years of experience working in the Middle East. The team is supported by qualified consultants.

Experience & Knowledge - Our deep knowledge of the market helps us communicate to customers providing them with correct knowledge and information.

Research - Our team conducts constant research on the new and latest real estate market developments.

Efficient Dealings

We work with our clients from start to finish to ensure all arrangements and dealings are conducted smoothly with complete transparency.

How we market your projects

Analyse – We analyse your project in detail to understand the key messages and unique features.

Create – We develop a number of marketing materials to sell your product (emailers, ads, newsletters, website advertising, flyers, posters)

Market – Our team strategizes to create a comprehensive marketing plan to ensure your project is marketed to the right audience.

Sell - After generating interest among potential clients we follow up with each client personally to convert interest into a sale.
