We made a video showing the entire process on how best to utilize the hack, take a look below. When you download this program, all you have to do is open it, our hack won't install on your computer which means you don't have to bother about the safety of the file, we even included a virus scan below to show the safety of our hacks.

War Thunder hack provides really a precise and individualized military aircraft and ground combat feel, providing game enthusiasts admittance to varied designs of aeroplanes with comprehensive cockpits, land surface motor vehicles with great firepower, flying and operating knowledge which are then sharpened and enhanced with each task. You can acquire battling power with your War

Thunder cheats or golden eagles War Thunder. Because of the game's careful give attention to detail, you can fully feel as a Second World War player up in the air as well as on terrain whilst you launch straight into war. Make sure you employ our golden eagles War Thunder to obtain additional strength.

This seems to be smoking gun evidence that there are cheats in War Thunder. It appears that player damage could be modified client-side in War Thunder. I tried flying the same biplane against rank 11 planes (e.g. fw190, las), but despite scoring multiple hits I didn't come near downing those planes - so it would seem the cheater in this video includes a damage mod installed.
