Can Live Happy,
Healthy, and Wealthy
on Any Income

Your Income, Your Life: How Modern Day Families Can Live Happy, Health and Wealt

Book Synopsis

Are you ready to free yourself and your family from the financial anxiety, guilt, and dependence that has been shadowing your life? In *Your Income, Your Life*, Jeff Bouwman shows the modern parent how to create a healthy relationship with money and free up the portion of their life that is holding them back. He helps parents understand what their relationship with money looks like today, and define what it could be going forward. He shows you that your financial and personal well-being is based on the choices you make, and that money can be the catalyst to improving your relationship with your family. Take control over your finances before they control you, *Your Income, Your Life*, will show you how.

Plan on Living: The Retiree's Guide to Lasting Income & Enduring Wealth

Plan on Living: The Retiree's Guide to Lasting Income & Enduring Wealth

Book Synopsis

The pension plans that previous generations relied upon for monthly retirement income are vanishing and being replaced by self-funding programs such as 401(k)s. Today's retirees are now responsible for creating their own stream of income from their investments - and this income may need to last for more than three decades. So, the singular question every retiree needs to ask is: Am I going to outlive my money, or is my money going to outlive me? Plan on Living: The Retiree's Guide to Lasting Income and Enduring Wealth addresses this question and many more about the management of retirement assets. The concepts taught within the pages of this book will demonstrate how a retirement income plan should be constructed and monitored to enable the retiree to transition a career's worth of

Diagnosis for Organizational Change: Methods and Models (The Professional Practice Series)

Diagnosis for Organizational Change: Methods and Models (The Professional Practice Series)

Book Synopsis

Organizational diagnosis produces the roadmaps that guide and direct organizational change interventions. To generate better understanding and appreciation of the diagnostic process, this unique volume:

- *Illustrates methods and models used by prominent behavioral science practitioners
- *Demonstrates the breadth and complexity of the process, initiated from individual, group, and organizational levels
- *Explores a more integrated approach to diagnosis suited to an era of sweeping organizational change

The assembled authors—all experienced human resources practitioners—describe actual experiences of both the process and content of organizational diagnosis and illustrate their accounts with practical case examples.

Applied Linear Statistical Models

Applied Linear Statistical Models

Book Synopsis

This text uses an applied approach, with an emphasis on the understanding of concepts and exposition by means of examples. Sufficient theoretical information is provided to enable applications of regression analysis to be carried out. Case studies are used to illustrate many of the statistical methods. There is coverage of composite designs for response surface studies and an introduction to the use of computer-generated optimal designs. The Holm procedure is featured, as well as the analysis of means of identifying important effects. This edition includes an expanded use of graphics: scatter plot matrices, three-dimensional rotating plots, paired comparison plots, three-dimensional response surface and contour plots, and conditional effects plots. An accompanying Student Solutions
