

TRUE GIVING

BY

OSAHON GODWIN ODUWARE

Some practice (as depicted by the equation above) on GIVING and RECEIVING **negates** the PRINCIPLES of Jesus Christ (emphasized by the Apostles).

Just like at the beginning (with Adam) and during the temptation of Jesus Christ, the devil **distort** the principles of God by **misinterpreting** His word.

True GIVING (sacrificial inclusive) that counts before God is putting your resources (time, money, etc) where you have NO premeditated (precalculated) means of getting it back aside **trusting** God to reward such giving as His word says.

It is important to note that God **accesses** the heart (mind), hence, He knows EVERY **motive (1Samuel 16:7)**.

Years ago (at CGMi, Faith Arena, Nigeria), **Bishop Edghill**

(of Guyana) testified of how God used **Archbishop Benson A. Idahosa** to teach this principle (in what seemed painful/unacceptable to him at the time) during a visit (invitation) to preach at his Church in Guyana.

This principle of giving which is HIGHLY pleasing to God encompasses the principles of **proportionality, willingness, and trust (faith/love)** amongst others (Hebrews 11:6, Luke 6:38, 2Corinthians 9:6-8).

Based on this principle, **many** would realize when they stand before God in judgement that they NEVER **truly** gave (into their heavenly account) even if they got the **praises of men** for their rather 'political' giving (Colossians 3:23-24, Revelations 22:12, Matthew 6:19-21, Philippians 4:15-17).
