

Price Guide

Outlaw Junk Removal LLC charges an up front, volume based rate. Free estimates are given before we begin your job. Pricing includes loading your items, hauling, fuel, and all disposal charges. There are no hidden fees.

The location of item(s) for removal affects pricing: for example, the fee is less if your items are curbside compared to removal in a second floor apartment with a narrow staircase.

Our minimum fee is \$50 anywhere in Gillette, WY (city limits). We serve surrounding areas as well and base the minimum fee on distance.

The following price list is a guideline. Please contact us if you have any questions, as prices can vary based on weight and number of items.

Outlaw Junk Removal Pricing:

MIN	1/8	1/4	1/3	HALF	2/3	3/4	FULL
Minimum	\$50						
1/8	\$75						
1/4	\$100						
1/3	\$125						
1/2	\$175						
2/3	\$200						
3/4	\$275						
Full	\$325						

We encourage customers to contact other companies for price comparisons. Being a family-owned & operated small business gives us the opportunity to work with our customers to offer affordable solutions for their junk removal needs.

Not sure how much junk you have?

No worries. We understand that it is difficult to determine exactly how much junk you have to dispose of. We will gladly come to your location and give you a no obligation free estimate before any work begins.

Dense Material:

Outlaw Junk Removal charges for dirt, gravel, concrete, shingles and other heavy materials appropriately based on the load weight.

Additional Labor:

Prices are based on curbside or easily accessible items to be removed. Additional charges will apply to labor intensive pick-ups including long walks to truck, attics, crawl spaces, stairs, disassembling, etc.

Special Item Charges:

Local transfer/recycling stations have additional charges for certain items such as refrigerators, AC units, and other items containing freon.

Items We Don't Remove:

We do not remove any kind of hazardous materials or hazardous waste. Items include paints, pesticides, oils, antifreeze, toxic or unknown chemicals, gasoline, fertilizer, or medical wastes. Strict laws prohibit us from doing so.

Estate clean-outs:

Estate jobs are priced individually. We sort through items, separate items that may have sentimental value to family, and then separate based on recyclables and trash. With estates it is necessary for Outlaw Junk Removal to perform an in person assessment in order to provide an accurate quote.
