

Barista

About Gravity Force

Gravity Force opened its doors in June 2014 as one of the UK's first fully featured trampoline parks transforming what was once an industrial warehouse into a trampoline filled play area for participants of all ages.

The idea is simple. Bring people together, get active, get fit and have a ton of fun while doing so. Whether you're flying across main court, diving into our giant foam pit, playing an intense game of dodgeball warfare, breaking new ground in one of our fitness classes or competing with your friends to see who can land the smoothest dunk – Gravity Force can be enjoyed by everyone.

What's life like at Gravity Force

We are creating a business that we can be proud of. Right now, we're spreading across the country and are looking for talented, confident and ambitious people to help us grow.

Serving great coffee is important to us. For us, it's about maintaining our high standards in everything we do so that Gravity Force customers get the best trampoline park experience out there. For this role, we'll need you to have the perfect blend of coffee knowledge and smiley service

What the job involves

- Having an understanding and, more importantly, a passion for great coffee. This means knowing your skinny decaf hazelnut latte from your flat white. Some training will be provided but knowing the basics will give you a great start
- Providing top quality service to all our Gravity Force customers. This means working fast, being friendly and offering a personal service to thirsty jumpers
- Being the font of knowledge all cafe products. Whilst coffee is your focus, you'll also be expected to learn about all the products we offer
- Being a real team player treating the people you work with like the big Gravity Force Family we are
- Feeling comfortable with responsibility. You'll need to be confident handling money and treat the till as your friend - you don't need to be Bill Gates but knowing your bar code from your till drawer would really help
- Keeping yourself approachable and presentable. In this role, you'll be the first people that customers see as they walk in the door...that's why we like you to be smiley and on brand with your clothes (uniform is provided!)
- Adopting a can-do attitude. Gravity Force has only been around a year or so but we've made huge strides in a short time. Part of the reason is that we see no task as unachievable...and we'd really like you to do the same

Experience

It's about quality not quantity. The length of your CV alone won't get you in the door but if you have experience as a barista, dealing with customers face to face and want to be part of a fast growing business, let us know! And don't forget that we're a trampoline park - having an interest in freerunning or gymnastics would be nice...

What we offer in return

- Competitive salary
- A guarantee of at least 30 hours/week, with the opportunity to take on more
- The chance to progress in a fast growing business and industry that's really going places
- Free jumping for you and a named friend
- Staff uniform

I'm excited...where do I apply?
