Why should Buy BOLDMAX 400 - LA PHARMA? Boldmax is an injectable steroid with strong anabolic and moderate androgenic properties. Boldenone undecylenate is the main ingredient of the formula. Boldmax has the ability to consciously increase red cell mass production. while doctors frequently remind their patients about the importance of health checkups, most patients seem to ignore their warnings. It is a huge mistake because you may not know when a problem will appear. Some diseases develop over time and cause severe health problems. LA PHARMA Eqaposie U 250 (Boldenone undecylenate) is an injectable steroid that exhibits strong anabolic and moderately androgenic properties. The well-balanced anabolic and androgenic properties of this drug are greatly appreciated by athletes, who want to enhance their result without strong side effects.
