

Photography & Retouching

Portfolio

William Musa Zulu

About me

I am a Freelance Graphic Designer, Portrait Photographer & Retoucher at *MUSa Designs & Photography*, currently living in Bulawayo, Zimbabwe.

With more than 7 Years' experience as a Graphic Designer, I am adept in print, interactive and digital design. And having a hobby of Photography, it was something I could not ignore even when I was at work. As a result, most of the times, I used to edit random images. 2 Years later, I turned my hobby into a second profession! :)

It has been 3 years now and I appreciate the raw reality of everyday life, the fleeting beauty of those perfect details, and I do my best to produce every picture with that in mind.

"All of the material in this portfolio was shot and retouched exclusively by Yours Truly."

+ Personal

Freelance Retoucher

As a freelance photographer/ retoucher, I have received various types of projects to be part of.

Therefore, I have helped quite a number of upcoming models and make-up artists to build their portfolios through many collaborating shoots.

Skills & Abilities

+
Natural Beauty
Retouching

NB: The Facebook Screenshot is real. I shared my work in a (**Behind The Scenes Photography | ISO1200.COM**) Group

Attention to details is a must have ability for Beauty retouchers, and I am successful enough to develop it by years of practice.
