

Research Study Recruitment

Looking for people who have
adopted or fostered at least one
dog from an animal shelter

CRITERIA

- Over the age of 18
- Resident of the United Kingdom
- The primary caretaker of a dog adopted or fostered from an animal shelter
- The dog entered the home within the last two years, but more than three months ago

DETAILS

- You will be asked to complete a short (5-10 minute) survey about your dog and participate in an interview that is approximately 30-60 minutes in length
- Interviews will take place via Microsoft Teams, an online video call platform

STUDY

This study will investigate the experiences of people who have adopted or fostered a dog from an animal rescue or rehoming organisation. There will be a particular focus on rescue dogs' adjustment to their new home. The goal of this study is to identify common experiences that adopters have in order to better understand rescue dogs in order to improve their welfare.
