

How to Install Minecraft Xbox One Mods (2022)

Minecraft can credit its worldwide popularity to a variety of factors, such as advertising, Microsoft's purchase and, mostly through the years, content creation which has pushed the limits of the game beyond anyone's wildest dreams.

The Watr

The sandbox has seen a variety of content creators over the years in its almost decade-long run that really re-invigorated the genre with mod reviews, modded maps, or even complete series. As one of the games that is most flexible because of its nature and PC since its inception, Minecraft console players have been craving this addition for a long time -- and, thankfully, it's never been easier than in 2021. (Picture: Microsoft) From a step-to-step guide to where to find the latest uploads on the market, here's how to mod your Minecraft Xbox One edition in 2021. How to modify Minecraft Xbox One 2021

To alter your Minecraft Xbox One Edition, you will need an Xbox One and a copy of the Minecraft Xbox One Edition (duh). Then follow these steps: Press "Y" on the Home screen to bring up the Search bar. Download 'MC Addons. Go to Microsoft Edge (already pre-installed in your Xbox) 4. Go to mcdlhub.com 5. Head to the Mods tab 6. Find the mod that you like that is compatible with Xbox one, 7. Download it by clicking on Save As 8. Go back to MC Addons 9. Click Import 10. Now you can find your mod, and click Import 10. To see the mods fully functioning restart Minecraft. If you are having issues with the game, read the original article. Be safe, change the game, and mine away!
