

English Lyrical Translation:

(Only first stanza, refrain, and pre chorus are "new")

Hey

Who dat who dat who dat boy
Caught my little eye in a room of men
Maintains a blank face, I like that
Provoking all my interest baby

A man who keeps his style chic
Doesn't even have to try to look like gold
Talks like he don't care, I like that
Can't even look away from you

Not the same, you know how to break my walls away
You know, these days I'm pretty hot ah ah
Don't you know everyone's chasing me

Every time I come around
'Nother bad boy down, got 'em like ooh ooh (Oh-eh-oh-eh-oh)
Kill them with my love like ooh ooh (Oh-eh-oh-eh-oh)
Think I'll make another round

Just one look from me, lights out
Watch them hit the ground, got 'em like ooh ooh (Oh-eh-oh-eh-oh)
Kill them with my love like ooh ooh (Oh-eh-oh-eh-oh)
Shot another bad boy down

Got you 'round my finger, Imma tell you what you wanna hear
Running through your mind, I'll get you hooked, I'll have you shedding
tears
I know boy, this ain't a fair fight
I'm winning you over, alright

Baby, my apologies

I don't mean to leave you hanging on a string

The more you wanna fight that (Fight that), you fight that (Fight that)

The more I will pull you right back

'Cause I, I know how to make the devil cry

Break him down looking in my e-e-eyes

That's what I'll do to you toni-i-ight

Every time I come around

'Nother bad boy down, got 'em like ooh ooh (Oh-eh-oh-eh-oh)

Kill them with my love like ooh ooh (Oh-eh-oh-eh-oh)

Think I'll make another round

Just one look from me, lights out

Watch them hit the ground, got 'em like ooh ooh (Oh-eh-oh-eh-oh)

Kill them with my love like ooh ooh (Oh-eh-oh-eh-oh)

Shot another bad boy down

You're gonna know what it feels like, to be free and open your mind

Falling in deep, so hard to breathe, it's only a matter of time

Baby I think you should know, that I ain't like all the other girls

I'm making you fall, I'm making you fall to your knees

Every time I come around

'Nother bad boy down, got 'em like ooh ooh (Oh-eh-oh-eh-oh)

Kill them with my love like ooh ooh (Oh-eh-oh-eh-oh)

Think I'll make another round

Just one look from me, lights out

Watch them hit the ground, got 'em like ooh ooh (Oh-eh-oh-eh-oh)

Kill them with my love like ooh ooh (Oh-eh-oh-eh-oh)

Shot another bad boy down
