Description :

Electronic visa Turkey (e Visa) is an official travel document, similar to a visa, issued by the Turkish government for entering into and traveling within Turkey. The e Visa application system was launched in 2013 by the Turkish Foreign Affairs Ministry to replace the old sticker and stamp visa. Travelers who meet the requirements can proceed to apply online for their e Visa. A Turkey e Visa holder is eligible for stay of up to 30 days in a total of 90 days depending on holder's nationality. This new system has made visa processing for tourism and business travel to Turkey effortless and cost effective as long as your application is complete. You can obtain the e Visa anywhere with an internet connection in less than 1 hour (Rush Processing), your Turkey e Visa should be ready. The officials send Turkey e Visa directly to applicant's email, which is what you present to officers at the port of entry as a soft copy or hard copy for verification. The Turkish government requires that all travelers, including underage children, hold a valid visa. Between April 2013 and January 2017, the Turkish government has issued over 16 million e Visas to travelers for business and tourist purposes. The application process is easy but many people are reported to make common errors in their application or have incomplete information. Turkey visa online application form is available for all USA citizens, European, UK, Australia, New Zealand and Canadian residents.
