

How to Make \$9-\$97/day with Warrior+Plus and Youtube (Without Creating any Videos)?

Thank you for interesting with this Spesial Report! I know you are excited about the Method and can't wait to read it.

You may first know, I am on the online income opportunity is always looking for ways to generate online income. one of my best investments is learning this awesome method.

Yeah the method is How to make \$9-97/day with Warrior+Plus and Youtube (without creating any videos)

actually this method not only for warrior products plus only but can also for others such as jvzoo and clickbank and I use it all three.

I started implementing this method early 2017. I started with 1 new youtube account and uploaded 3 videos.

a day after uploading a video, I was astonished finding that one of my video made me \$8.97 online!

Another day I made \$13.5 and then \$25.7

I couldn't believe it, this method is work. This is when I realized that if I would upload more videos, my income would double or even tipple.

And it did.

Month to month my video still generates sales for me.

I love this method because it fits the criteria I like. this method is:

- **easy (no technical skills)**
- **fast (30-60min/day)**
- **scalable (to reach at least \$100-\$300/day)**
- **autopilot (make money while you sleep)**

So if you are ready, let's get started.

Overview of the method

As I promised, I won't bore you with the technical or theoretical mambo jumbo stuff. This will be 100% of pure actionable material.

I like to go straight to the point with this method and provide 100% of actionable stuff, including screenshots and live examples, so that you can implement it right away and hopefully see money coming in very soon.

What I am gonna be doing is promoting affiliate offers leveraging the third largest website in the world, Youtube.com.

At first I promoted WarriorPluss products. And it works great if you want to promote WarriorPlus products.

But then I tried JVZoo and it really blew up.

Mainly because JVzoo and Warrior Plus have a ton of products to choose from.

With this method, I promote high value products that actually help people to save their time and make more money. I am talking about the software and WordPress plugins in the „make money online“ niche.

Here are just a few reasons why I like to promote these offers:

- #1. Provide instant results for your customer
- #2. Higher conversion rates
- #3. Less refunds
- #4. Higher payouts
- #5. Sell for themselves (you will soon find out why!).

Most Youtube guides will tell you to create your own videos, which is where many new marketers give up straight away. Luckily, not this time. With this method you don't need to create any of your own videos.

Your only job is to:

- 1. Find these offers.
- 2. Download the video (I will show you how and where I can find it).
- 3. Upload it on Youtube with your affiliate link in the description box.
- 4. Make money!

Sounds too simple? Probably. But does it work? Yes..Yes..Yes..!

These are just a few of many affiliate products I promote on Youtube through Warriorplus.com and jvzoo.com affiliate network.

Now. I am NOT showing these stats to brag or anything.

I want you to see what's possible to achieve for YOU too, using the exact method I am going to reveal you in just a second.

Finding affiliate offers to promote.

So there are three main places for „Make Money Online“ plugins and software:

- ▶ <http://www.warriorplus.com>
- ▶ <http://www.jvzoo.com>
- ▶ <http://www.clickbank.com>

I personally like to promote Warrior Special Offers (WSOs) through <http://www.warriorplus.com> and <http://www.jvzoo.com> but that's just me. Any network listed above will do the work really. In fact, using all three you will have more offers to choose from and way less competition.

Later I will show you how I find offers on warriorplus and jvzoo

Picking up an offer from the WarriorPlus.com

Let's open up the www.warriorplus.com and see what new products have been recently released. To do that, you need to sign up and go to Affiliates > Offers.

I can instantly see one product available to promote.

Great!

So now that I found the offer, I need to to download the video.

Here's how to download a high quality, high converting video legally (without even editing it) and upload back with your affiliate link.

Downloading the video

Finding and downloading videos is very simple.

I simply go sales page and see if there's a video inside it.

WARNING: **"Internet Thieves" Are Destroying Your Business** **+ How To Stop Them With Just 1-Click...**

yeah!

This is exactly what I need. A detailed video explaining all about the plugin.

Click the right mouse button on the video and copy the video URL.

Please keep in mind that selecting the right offer is vitally important. This offer looks great, but I would pick something that is more in demand. Anything related to automation/bots/auto-blogging is what you should be aiming for.

Tip: Use the search function to filter out Wp plugins and software only.

Let's type "plugin" and see what happens..
