

Link Notes: Below are archived links for all cosmic disclosure episode transcripts up to season 10, episode 5. At least, I believe I have collected all of them. When possible, 2 links are provided for each episode in case one gets taken down. Only 1 link was available starting in the middle of season 8. I recommend sticking with the “alternative link” links below because most often the pictures are available in these links, and not in the first link. The exception is season 6, episode 14. Though the pictures were not properly saved for either link for a few.
