## COMPANY PROFILE

Escudo Group A.S, an international supply chain company having its Head office in Turkey and operating in Turkey, Iraq and Syria since 2008. At Escudo Group A.S, we take pride in providing professional procurement and supply chain services to international and national organizations, governmental organizations and individual throughout the world. Despite being producer, supplier and investor to approximately 10 businesses for Middle East, Asia, Europe and Africa markets, humanitarian projects are one of the pillars of the company. Escudo Group has become a reliable and respected supplier, logistics and service provider partner for our customers.

Escudo Group A.S's clients represent both domestic and international market and we feel privileged in working with all the leading INGO's across the Globe. We are completely committed in providing world class, good quality, products and services at competitive prices to our customers. As a result we have a widespread and satisfied client base.

Escudo Group A.S also specializes in the transport and storage of emergency relief goods. We have the expertise to handle any logistical challenge which may arise during the shipment and distribution of relief supplies.

Thanks to our years of experience and numerous contacts in the region and countries of destination all around the world, we can streamline the transport and maximize the effect of the aid. We can also facilitate the export documents to ship the goods with the 0% value added tax (VAT). Our real-time online tracking of project goods allows clients for better monitoring all the way to the end user.

Please visit our website for more information. We are a pre-qualified UN supplier and we supply products such as mobile clinics, mobile kitchens, ambulances, vehicles, prefabricated units, tents, Non Food Item and Food Item Parcels, medical equipment and consumables, school furniture, stationary and WASH equipment, etc. I hope that we will be able to offer our services to your organization for similar products.
