- Guard/Reserve personnel performing IDT and ADT (less than 180 days) must perform Watch Supervisor duties at least 15% of total hours served within a specified tour to be eligible (rounded to the nearest full hour). Total hours served is calculated based on two, 4-hour periods per day. Guardsmen/Reservists shall receive 1/30 of the prescribed monthly SDAP rate. Individuals selected for opposite training (either Radar/Tower) Facility Training will continue to receive SDAP. However, SDAP will be stopped if member is not qualified/performing duties within 12 months. To determine required monthly proficiency hours, subtract "Number of Exempted Proficiency Hours" from 24. Calculate "Number of Exempted Proficiency Hours" = (24 ÷ Number of days in the month) x Number of Leave days taken in the month. Round fractional hours to the nearest quarter hour and subtract from the 24-hour requirement. For example: (24 ÷ 31 days in month) x 7 days leave = .774 x 7 = 5.419 hours. Round to 5.5 hours. Subtract from the 24-hour requirement: 24 hours – 5.5 hours = 18.5 hours. Airmen must perform Watch Supervisor duties at least 18.5 hours this month to be eligible for SDAP.

EOD Airmen currently receiving a higher SDAP rate identified in the FY19 SDAP table will be grandfathered to retain their current SDAP rate (Ex: SSgt/TSgt, 7-level previously awarded SD-5 rate). Lesser SDAP rates will be adjusted to the increased rate (Ex: SrA, 5-level previously awarded SD-2 will receive SD-3). Effective 1 Oct 19, the rank requirement was removed for EOD Basic line and EOD Senior Badge lines; the SrA and SSgt/TSgt rates changed from SD-2 and SD-4 to SD-3 and were combined into the EOD Basic Badge line; 3-skill level was added; **the “5 years of experience” requirement was removed**; and FY19 rules 56-59 were consolidated into FY20 rule number 56.
