

Canada Visa Online

As part of its joint agreement with the United States to better secure both the countries' borders, from August 2015 onwards Canada started a Visa Waiver programme for certain Visa exempt countries whose citizens could travel to Canada by applying for an Electronic Travel Authorization Document instead, which is known as the eTA for Canada. The Canada eTA works as a Visa Waiver document for foreign nationals from certain eligible (Visa Exempt) countries who can travel to Canada without having to obtain a Visa from the Canadian Embassy or Consulate but instead visit the country on the eTA for Canada which can be applied for and obtained online. The Canada eTA performs the same function as the Canada Visa but it is much more easily obtained and the process is faster too. Canada eTA is valid for business, touristic or transit purposes only. The validity period of your eTA is different than the duration of stay. While eTA is valid for 5 years, your duration cannot exceed 6 months. You may enter Canada at any time within the validity period. It is a quick process which requires you filling an Canada Visa Application Form online, this can be as little as five (5) minutes to complete. Canada eTA is issued after the application form has been successfully completed and fee paid by the applicant online.
