**I've never seen a night so long**

**Did you ever see a robin weep**

**The silence of a falling star**

He sounds too blue to fly

**When time goes crawling by**

**When leaves began to die?**

**Lights up a purple sky**

**The moon just went behind a cloud**

I'm so lonesome I could cry

**To hide its face and cry**

**I'm so lonesome I could cry**

**I'm so lonesome I could cry**
