

Good Words Speak Louder Than Evil Actions

Wiro Hugo Gengulf

22 April 2022 (Last Revision, 1, 26 October 2022, 4 February 2023)

One day, we will be free, and all of this, will be, as though it never was.

Fie on you and your nonexistent “political solution”! Your damned constitution has proven the anti-federalists perfectly right and prophetic in their warnings and predictions if such a despotic form of government as yours were to be constructed and unleashed upon the world. What took place during the twelve years from 1776 until 1788 that should have irrevocably made manifest the abolishing of the articles of confederation and the states’ sovereignty and the enacting, imposition, and enforcement of the constitution and the tyrannical, despotic, draconian, centralized, imperial federal government?

Today, I humbly damn your multi-racial civic [inter]nationalism. There is no love even to go unrequited, let alone lost. No, there is only unspoken and unwritten, yet unceasing endured tragedy. And for what? So Nature Herself can be desecrated and overthrown from Her dominion? So that the accumulation of crimes, offenses, violations, trespasses, and abominations against Her, might replace Her, and be deemed nature and natural by the wicked viper ruling elite perpetrators, and their competitively wickedest underlings and minions and darlings, that own the central banking system, mercenary money supply, and conglomerated imperial usurious commercial slave markets of the world? The fools must have their own insidious way, or they destroy all, and yet, in possessing their own way, they do destroy all. Least among all, which is they, their perfidious selves.

I am extremely bitter. I was spiritually mortally wounded before I ever had the chance to inflict any damage on the enemy of my soul and salvation. Hyper individualism is a farce of farces concocted by our multitudinous enemies and embraced by our would-be brethren and compatriots. That angers me to no end. The eternal enemy, in all of its manifestations, within all of its machinations, is dishonorable, cowardly, and atrocious. Yet, they are supremely organized, albeit utterly cyclically inefficient, and that, by their mephistophelian, Machiavellian design. He who is the grand-master of perfidy reigns uncontested and unmolested. Meanwhile, nary a waking moment passes when we are not molested, and our souls besieged by hostile, predatory, parasitical strangers, foreigners, and aliens. And whilst we are unconscious, resting our constantly weary bodies from perpetual energy depletion we undergo, feeding the world its resource without our knowledge, without our consent, against our will, we are confined in quantum entanglement fields within fields, with our very own cognitive facility a restricted area that is off limits to us. We are not even allowed access to our own cerebral function, yet somehow there is no limitations to the worlds rules and regulations and punitive measures over us.

Little wonder why since I was aged 15 I have earnestly longed for death in true misanthropic fashion. It had not so much to do with my own sins, and my being forced to adapt and function in the world and in the life, as it had to do with how horrible the world truly is. It never ends, it only gets evolutionarily and exponentially worse.

I am unfortunately morbid, for how could I not be, knowing that my innocence was destroyed before I was able to fully experience and appreciate the joys of heavenly purity and serenity, before I learned how cheaply the rejection of a family's own blood is bought? My life was ruined for nothing but the ideological avarice of serpents and ogres whose sole reason for existence, precious to a dragon it be, is to molest, rape, enslave, murder, and destroy my folk. A man is not envious of serpents and ogres, no matter how poor, alone, and heartsick the man may find himself to be. And a dragon, well, such a monster as that is not fit to be worshiped, only fit to be slain. One does not love or respect a snake, one avoids it always, and in any event that he cannot avoid it, a man does what he must, as best he is able, to defend against it.

I have built myself a mansion of regrets and there I dwell alone, besieged by the enemy. And yet, I cannot help but carry on the terrible labor of constructing more and more rooms in this haunted mansion. Surrounded, on all fronts, on all sides, outnumbered by enemies as diverse as the quantity of carbon based sentient lifeforms. Invisible, visible, remote, in close proximity, foreign, domestic. Fiends, rich though they may be, sub-animal, more powerful than man though they might be, fit for nothing but to be slain, for, for them to be slain, is for them to be brought to justice. And for them to be brought to justice, is for our children and women folk to be brought to peace, security, safety, privacy, and thus freedom, of mind, body, and soul. Give our enemies freedom and you give them license for the rapine and murder of our folk. Give them freedom and you damn the future of your own children. Is that your will? Pray-tell, is it Gods will?

But all that matters to the orcs and goblins that rule, run, and benefit most from, this world, and are the dearies of it, is money, and through that, controlling everything and everyone, and through that conglomeration, infrastructure, and mechanism of total domination, destroying each element of man's life and murdering every aspect of man's existence here on this earth. So, dear, good willed reader, insofar as you truly exist, and are not merely a haphazard figment of my transitory and fragmented imagination, you must forgive me my abject negativity. A warrior, or a man longing after the unpretentiously brave heart of the ghost of such a hero, descendant by lineage and blood, who is denied a chance to honorably prove himself in pitched drawn lines of battle finds himself in a position worse than the most humiliating death. It is only now, at this precise moment, I do realize that I cannot abide to curse the day, the hour, the very moment of my birth into this world, without cursing my childhood and youth as well. For what did it at all profit me, save to prepare me for perpetual humiliation and bondage?

My only might the pen, and yet I have not the strength nor the endurance to wield it. And so, yield as I do, as I am forced to do, to technology, to industry, to modernity, to cybernetics, to multi-racial imperial tyranny, and the systemic falseness, forgeries, mockeries, mimicry, fakery, and gayness thereof, I peck keys on a board, ensnared in a post-modernity where "global homo" is synched with a digital-cybernetic-synthetic interface and is collectivized into a hive-mob of nano-logical "smart" tyrants and despots. At least I know I do not live under the spectrum of fascism, for if I did, the bus would not be 20-60 minutes late, and in some instances, not appear at all: no, under fascism, the buses would run, and they would run on time, each and every day with a marginal time differential of between 3 and 9 minutes.

That is, in my, for years, mobbed and gangstalked out of two-year community college, opinion. Genocide is a process. Personally, I have been genocided for 39 years and counting. I would much rather prefer being the hunter than the prey. I would much rather prefer being a victim of my own successes in genuine battle, than being the victim of cowards, degenerates, money lenders, mutants, freaks, terrorists, brigands, bandits, moguls, commissars, rapists, murderers, cannibals, and ghouls, in an imperial Jewish market that mockingly pretends to be a society.

I am ashamed for I have been absolutely humiliated and disgraced. There is no honor in my life, and I am not so idiotic as to cling to the whirlwind hope that there shall be honor in my death. I shall die miserable, penniless, alone, and in sheer agony. Hated and forgotten by my own people. That much I know. I shall leave behind no lasting legacy or memory. I doubt even there be a single one of my kinsfolk who could be bothered to pray for my soul after, when, I shall have to perish. I begrudge none of them not any of that. Perhaps I deserve no more than everlasting torments. If I am to be defined, once and for all, in this terrible contest, by that which I deserve, then I fear I am truly lost and even if there was some part of me worth saving, it would be no, nor do no, good to any were I to be saved. What does it profit, saving a life, if after then, he shall not live? What does it profit, his love, if after all is said and done, he shall not be permitted to love her?

This world damns holiness, murders righteousness, rapes innocence, and therefore it merits nothing yet my absolute odium.

Old dead White men's lives matter infinitely more! White men's deaths matter immeasurably more! To me. I guarantee that is not hyperbole. A fig is literally boundlessly more interesting to me than a black, a negro, or a "nigger", if you prefer. Animals, be they domesticated or wild, are superior, if not in mind, in sentience, and particularly in innocence and demeanour, to the savage, primitive, and crude, nonwhite races, including Jews, Asians, Arabs, blacks, and snake-goat, or is it goat-snake whites, liberal Freemasonic or otherwise, and mixed race hybrid bastards.

Let bygones be bygones is a stoic maxim that effortlessly cross-pollinates with the Golden Rule. And yet, we are forced to be the battery that gives the different races their charge. Why are we forced to be the energy supply for all racial aliens, and yet we cannot even attend to our own bare necessities without being vilified and molested in the most heinous and cowardly fashions? Without being depleted to exhaustion? And they commit the crime of battery against us continuously, without any fear of repercussions, nay, they commit themselves to careers as criminals gleefully, and the world more then welcomes and accepts them.

I am a true believer: the non-Jewish, non-race mixed White, Aryan Race is the Alpha and the Omega. He is the Lion, the king of the jungle. By every measurement and by each metric, he is the superior and supreme race in the hierarchy of races on earth. In short, the Aryan is the greatest race. All of the greatest civilizations and achievements have originated from, and with, him. That observable and experiential reality, tautological fact, and empirical truth, will never be taken from me, nor shall it ever be subverted by some demonic doctrine or devilish philosophy that falsely equates a contrarianism as the better or ideal model. Namely that of multi-racial empire, where the

enslavement, colonization, and genocide of the remnant White man is codified as though it were law, order, and justice. Equality and egalitarianism are loaded words in a weaponized linguistics that serves the digital-cybernetic-machine-matrix over and above the White man. Mankind was not meant to be enslaved by animals anymore than he is meant to be enslaved by machines.

Modernity has not been at all kind to my kind. In fact, modernity, has decimated my kind, to the point that my folk are an unrecognizable and subjugated remnant. The identity thieves have stolen our inherited birthright and claimed such as their own. The brigands have appropriated our exclusively inherited culture, exclusive to us and to us alone, a crime and an evil that is not appropriate at all, and they have misappropriated the intent and meaning and legacy of the same, and have declared that we are the evildoers for being occupied by an alien menace and for not being “content” about it. Damn these cowards who hide behind digital liquid displays, perched in the data voids of black mirror screen matrix's, like fawning gargoyles and kosher vultures, loyal to their beast the dragon. We care not for them or their kind, for they do nothing but despoil and consume. There are irreconcilable differences between us and them. The lie, that “your problems will be with you wherever you go” is yet another mind virus of the Jews and otherwise liberal snake power structure. Total segregation, absolute separation would inherently solve countless problems for us White men. Inherently, the White man has the fundamental expectation that he, and his race, shall be exclusive all to their own, segregated and separated from all other races, and hybrid races. Much in the same way that the husband, has the expectation, that he and his wife will be together, alone, to the exclusion of all other women and men. That is organic, natural, and reasonable. Anything else, is synthetic, atrocious, and psychopathic.

No, modernity has not been at all kind to my people. My people have lost their way. They have lost their soul. And in a manner that only a ghost might understand, let alone explain, my people have lost their way and their soul generations, if not ages before I was ever born. And I was born into bondage. I do not blame my mother, for she herself...well, it is a miracle of miracles that she lived, and that I was conceived from her womb. My people have lost, are lost, and yet they, some of them, cling to the Lord Jesus Christ like a child clings to the mother's apron whilst she whizzes around the kitchen, preparing the family meal, with all the maternal love and nurturing tender care that only a mother could provide. I do not begrudge them that. They cling to worldly religion, when the worldly religion, is literally indistinguishable from the world, and when the religion benefits the anti-Christ, anti-White world, and its alien hive-mind gang-stalking sex trafficking and targeting system, immeasurably more than it benefits the individual soul, let alone our collective pure, non-Jewish, non-hybrid, White race. What does it profit, an organized religion, to gain the whole world, but to loose its faithful or its ability to truly lead and protect its flock?

So being morose is an incurable side effect of the disease of perpetual melancholia. The majority of my folk, in order to survive, and have a semblance of a supposedly “free” life for themselves and their families, an impossibility in this cybernetic totalitarian imperial world order of absolute video, audio, and targeted predictive programming, invasive surveillance and trans-manipulation, will defend that which they benefit from, namely the

perpetual macro-cosmic and microcosmic genocide being perpetrated against the minority White race. Such is the apex of contradiction and hypocrisy, and yet such is the new “new normal” so there is little to no divergence, and even the little protest that is allowed to exist, is essentially “controlled opposition” from paid shells and agents of the world. The Jews dominant the so-called “White nationalist” movement, much in the same way they are all-pervasive in the UFO and alien abductee “movement”, with many books written by Jews about the alien threat, menace, and takeover and takedown of the earth. A cruel irony, given that it was not ancient history when, in Christendom, the Jews were determined to be, rightfully so, aliens themselves.

The tyrannical tax burden of our people goes to paying for our enslavement, our destruction, our replacement, and our “contentment” of the same. Simultaneously, our forced and unqualified replacement is ongoing, and yet still, cowards wear the mask of pacifism, and traitors wear the attire of politicians, and gatekeepers play the part of seers of truth. The cybernetic-digital-machine-matrix grinds on, the process of transforming humanity into a collective-hive-mind-cyborg, operated by artificial intelligence and quantum computing systems, with the remnant of mankind mined like a resource, and vicariously subverted and driven, continues apace. Shadowy synchronicity determines our destiny, algorithms decide our fate, as an individual man, and as a collective folk. Such technological processes, and “progress”, is deemed inevitable, necessary, unstoppable, and quintessential to human evolution. Meanwhile, remnant mankind identifies himself with his executioner, with the invader, with the colonizer, with the adversary, so as not to be mistaken for a man of good will. His Stockholm Syndrome is not a passing phase: he has internalized the Jew, the black, the Mexican, the Asian, the mixed-race hybrid, or rather the same racial aliens, hybrids, and mutants have been internalized into him. Thus, he is de-racinated, de-masculinized, he is pacified, he is forbidden from being combat effective. He is no more of a threat than a storehouse of wheat, a deposit of coal, or a battery.

In this incurably diseased and irredeemably evil world, the male or female, or mutant freak, who speaks loudest, the longest, and the most often, who curses the most, who is the most degenerate, or is the cleverest at hiding, or boasting about, his degeneracy, who is the most anti-Christ, anti-White, is considered the alpha, the leader of the pack, the most masculine, the most charismatic, the most desirable, the most deserving, the most credible, the smartest, the strongest, the most likely to succeed, the ideal candidate. Being forced to endure such a sinister reality, it is no wonder that, according to the the Holy Bible, and other religious and mythical texts from other cultures, across the world, spanning various ages, corroborated by archaeological evidence, God wiped away the world in a Great Flood several thousand years ago.

An entire alternative industry, a lucrative and commercial one, has been established so that Whites, Jews posing as whites, mixed-raced whites, and otherwise nonwhites, lead an online movement of supposedly pro-white advocacy and champion the cause of defending the remnant White race from the ongoing genocide being perpetrated against her. In the same way, UFO research and the alien abductee occurrences, the military abductions, are largely driven by Judeo-Masonic supremacist interests and conglomerated

elements. The whole affair is reducible to opportunists making an entire career off of reacting and responding, in the form of commentary, pontification, editorializing, and patronizing, the Jewish owned, dominated, and monopolized mainstream media networks and establishment press and syndicate, and the so-called “alternative” niche genres thereof.

The likes of Alex Jones (who reportedly intermarried a Jew), Jeff Rense (who said that Putin should give 48 hours and then totally destroy Ukrainian cities, which is a call for the massacre of untold Whites), Renegade Broadcasting, “pagans” who are possibly crypto-overt Jews, Andrew Anglin (who is apparently a race-mixed mongrel who is a darling of extremism for the alt-right, or rather, the alt-“kike” if you like, for he is control “censored” to give him “street cred” and clout with the dimwits who depend on agents of the antiChrist, anti-White, multiracial world empire for their ideologies, world view, and belief system. None of the aforementioned have earned my trust, other than I trust I will be utterly disappointed by and with all of them, if I were to lend any credence to them and their cult of celebrity selves and “radicalized” social credit statuses and scores.

The one will invoke God, the Lord Jesus Christ, and yet never mention the Jews. The other will pay lip service to God, the Lord Jesus Christ, and yet remain agnostic, and mention the Jews, and yet takes a side in a bloody war, started by the Jews, where White people have compatriots and enemies on both sides, and the ruling elite enemies of the Whites benefit from the war. One will be totally anti-Christ, and arbitrarily self-identify as “pagan”, however such is defined, whilst mentioning the Jews, and yet possibly being of Jewish extraction, whilst the other, who gained infamy in writing revilement against White women, as if his mind were incapable of understanding, or empathizing with, the rampant worldwide trafficking and sexual slavery, particularly concerning and regarding White women, White girls, and White boys, and that it has never be so successful in the history of the world, would make the most hard-lined Jewish-Bolshevik of 100 years ago, in their evil rhetoric of White women and children, blush with shame.

The pathetic protests and whining about “in-fighting”, as though the apologists for the Jews need yet another reason to apologize for them, is a moot point. Either White men organize themselves and to and under their own leaders, for the common defense and activism of the remnant White race, or not. If not, then they sell their children, and thus their future to the multi-racial empire to do with them, what it will. Yet why are these so-called proponents of the White race, of the White cause, harvesting so much of the energy, dividing so much of the attention, of the sparse racially conscious Whites, and yet, like Jewish television, Jewish radio, Jewish movies, Jewish media generally, serving as little, if anything, more than a gate keep, than a place holder? So we are, once again, made to feel like we cannot call a spade a spade, because it will sow division among the vacuous “movement” which is virtually entirely on the internet, which the military intelligence industrial complex generated and controls, and which is dominated by Jews, civic nationalists, libertarians, charlatans, professionals, pundits, actors, and talking heads. I recall some of these anonymous perpetrators of gang-stalking, this hive-minded cabbalistic cult peoples of the world, lambasting the individuals they are targeting, stalking, harassing, and overburdening with the perpetration of all manner of criminality and evil, without remorse, with immunity from investigation and impunity from prosecution, having the

satanic audacity to declare that because it was “bad optics” we could not mention the Jews, black rape and murder against Whites, UFOs, alien abductions, military abductions, government-corporate mind-control, satanic ritual abuse, child sacrifice, sex trafficking, gang-stalking, and being a targeted individual, and the Lord Jesus Christ, in the same breath, in the same stream of consciousness. We weren’t allowed to, because it made the Jews “look bad” or so they said. So because the Jews think they will “look bad”, we should self-censor ourselves, we should make an extreme detour from the truth, we should, in effect, refuse and reject the truth? No, eleven times one-hundred eleven, NO!

The “kike”-stuff, if you like, is so degenerate, and obsessed with being hipsters, on the “cutting edge” of Jewish imperial popular culture, (current and proper trendy wordage being of the utmost importance) that it is so obviously founded, funded, and run by Jews. Notwithstanding some of the analysis is honest and accurate, it is still from the perspective of Jews, Jews who pose, or identify as white, crypto-Jews, and white liberals who cuckold and shill for the Jews, in the name of white identity and white nationalism. Red Ice Radio and Renegade Broadcasting being two prime examples. To read what people “write-in” after they pay money, however much, is merely an updated version of the the Jewish advertising racket. The advertisers, that is, the euphemistic term for Jews, pay the money to put the advertisements in the beginning and at the end of each syndicated broadcast. That was before they took over the entire networks and and now control virtually, remotely or in proximity, directly or indirectly, every single production, streaming on any platform. And the guilt-shaming about “purity spiraling” is utterly hysterical. It is essentially the same as faggot liberal Christians and Catholics who pridefully declare check-mate, when they delightfully, if scornfully, and quite foolishly, remind you that you cannot judge, because we are all sinners.

The Jews, and their pridefully faithful and obedient servants, do poop in the pool, and categorically dishonor the dead, and the deaths of tens of millions of *our* people, when they garner wild conspiracy theories about the “Nazis”, who they define as the German National Socialists, “really winning the war”, that is World War II, and, by utilizing extraterrestrial space-technology, they have been able to carry on their “Fourth Reich”. It is abundantly obvious how such Jewish mockeries, intellectual perfidy and banditry, corruptions of honesty, distortions of reality, and inversions of the truth, serve Jewish supremacy and their worldly multi-racial imperial interests. I would not trust the “official narrative” or “official version” of events, about the UFO phenomenon, the JFK assassination, the terrorist attacks and atrocities of 9/11/2001, or alien abductees/targeted individuals and our being non-consensual, unwilling victims and experiment test subjects of world-synthetic-telepathy-hive-mind, conglomerated “woke” government-corporate gang-stalking personalized genocide, anymore than I would trust the Jewish imposed synagogue of Satan “science” about the so-called vaccination or MRNA, DNA altering program, COVID-19, NASA, the final frontiers of space, anthropology, sociology, and so forth. The true holocaust of the White race during the terror bombings of World War II indicates to me that the perpetrators are running the show, and they set the agenda.

If there is no in-person organization, because such has been criminalized a thousand times over, by the worst criminals, then White men are forcibly

socially isolated, ostracized and left to their own devices, besieged by thousands of hostile, predatory, parasitical, vampiric, racial aliens, foreigners, and strangers. And what? Are we supposed to tune into the “kike”-stuff, or the Zeph Report---(“god”, whoever the hell that is, “blessed” you more than he ever will me, spoken like a true, died in the genes Jew; the only way, in my opinion, that Zeph Daniel had such insider knowledge about gangstalking and being a targeted individual, is if he was a perpetrator of gangstalking. Far too much of the information that he let out, was insider knowledge, that is to say, only a perpetrator of gang-stalking, only someone who perpetrated gang-stalking against a targeted individual, would have known, some, if not a lot of the information that Zeph Daniel (real name, (((something Jewish)))) knew and revealed---in order for us to have Jews and their cuckolded white goyim explain to us current events and the geopolitical situation of the genocide being perpetrated against us? You have Jews chiding you for being a “Christ cuck” egging you on to be a Jew cuck. You have Jews chiding you for being a Christian, egging you on to be a pagan like them. Jewish pagans. Oxymoron. Another of our innumerable enemies. If you are in the enemies camp, ideologically or otherwise, and you are acceding to the enemies chiding about “infighting” in their controlled opposition camp within a camp, you are doing it wrong. The whole White nationalist bit. When identities are used as simply and thoughtlessly as condiments, there is going to be a rush factor, which is a dead giveaway.

The reverse psychological warfare operation of controlled opposition being “de-platformed” and “canceled” is the equivalent of affirmative action gamer-gate. Blacks could not loose in first person shooter games, thanks to the Jews, because to do so would be “racist.” Therefore, White game players were cheated so that blacks could be “equal” or “better” then the Whites. Fake. Like Alex Jones. Jeff Rense. Renegade Broadcasting, Andrew Anglin. The Kike Stuff. And so forth. Those who want to engage in cognitive dissonance and believe the lies, that that whole movement is not totally fake, and then disavow the minority of the minority of the minority who are targeted individuals, alone, isolated, penniless, and persecuted, as being the problem because of the negativity and criticisms of “our own people” are themselves as disgusting and perfidious as the Jews, insofar as they are not, biological, if not religious, Jews. So Captain America gave his shield to the black guy. And then went to work for Alex Jones at Info Wars. I hate marvel. It is so fake and gay. I guess that was the most patriotic thing he, or anyone for that matter, could have done. Give it all away to the black whenever he “deserves it”, and retire and go work for Alex Jones.

Incidentally, the Jews murdered over a dozen White children at Sandy Hook. So, really, Alex Jones should have the fat sued right off him. I feel bad for leftists, I mean actually leftists. Alex Jones is a leftist, but he is not one of us, so he is not a leftist. Yet, for our folk, listening to Alex Jones is like the equivalent of water-torture. Actually, it is worse. In fact, I think I would find being literally tortured by the Chinese for three hours far more preferable than to listening to Alex Jones for three hours. God love em. God help us if Alex Jones ever lives on a diet that is not comprised of steak. Imagine the damage he could do then.

It is hysterical, that now the trend, at long last, is to have black quarterbacks in the multi-racial-multi-national football league. They are really sticking it to the White man now! Drink your juice, and with enough

enhancements, technological innovations, cybernetics, training, scripted plays, the nonwhites will make the cut as quarterback, without a hitch. What is next, flying airplanes and spaceships? I think the Jews were afraid that if they gave up the quarterback position to blacks, they would lose their White viewership. Now, they do not care. In fact, I think Whites will still watch their favorite past-time, no matter the skin tone of the quarterback. They will probably be the loudest cheerleaders for the black/nonwhite quarterbacks, and the viral trend thereof, to “prove” that “diversity”, or really, the ongoing genocide ceaselessly perpetrated against the remnant White race, is not only a good thing, but a great thing that is, and will continue to make, America great. That sums up my take on Republican conservative “christians”. Always putting their country first, even after their nation was already destroyed. Putting their country first, even after it’s been invaded, taken over, and colonized by hostile, predatory alien parasites with imperial designs that are more than a far cry from beneficent. The more money one makes, however he makes it, hell, even if he steals it, the more “generally good” that person is. What could possibly go wrong?

Oh, I almost forgot. I thought Walmart was an evil corporation because they sold devil costumes for Halloween. Literally, the costume was the “devil”. Guess the liberals went full communist and valeted their imagination to Netflix. Are there not even name generators that would make it stupid simple to come up with spooky costumes and the corresponding names? Like, *apex vampire*, *35.7 drones of grey*, *house serpent*, *13.01 years a zombie*, *gargoyles anatomy*, *cellar troll rules*, and so on. I did not think it could get any worse than that. Yet, now, Walmart sells frozen pizza with a fat black face on the carton. Everyone knows that pizza is an Italian thing, and blacks are not Italian, and Italians are not blacks. I would not have a problem if there was frozen jerked Jamaican chicken with a fat black face on the carton. I certainly would die before ever purchasing something like that. Yet that would demand we live in a world that actually makes sense. That is the thing about greed. With enough money, any identity can be stolen, and any fraudulent identity can be made. Needless to say, I will not be buying or consuming negro (affirmative action, “diversity”-micro-grant) frozen pizza. Incidentally, when I want Mexican food, which normally I do not, unless I quantum phase into an alternate reality, but even then...well, if I did want Mexican food, I do not want some Arab Muslim to make tacos with halal meat. That would not be “authentic” Mexican food. I would rather go hungry. In fact, yes, I do believe I shall starve before I would give into such a mind-warp of $2+2=5$. $2+2$ does not = 5. It has always, does still, and always will, equal 4. The moral of the story is, stay away from negro pizza, Mexican food, and Arab Muslim halal.

Geography and language does not make a people. The nation is the folk, the pure, homogeneous, unadulterated, natural, organic, folk, racially, and even ages be past, ethnically, exclusive, to ALL other races and tribes. The blood of the people must not be spoiled, or the heritage of the people will be despoiled, and the future of the people will be lost forever. Absolute racial segregation and separation is a Supreme Law. That it is routinely, religiously, and even scientifically violated, continuously, and has been for decades, for generations now, does not alter or abolish the truth that miscegenation and race-mixing is a violation against and destruction of Nature and the natural world.

Intent is 7.11/10^{ths} of the law.

The Japanese attack on Pearl Harbor was provoked, by method of economic sanctions, namely, oil embargo of Japan, and was known about before it happened. It was allowed to happen, in order to serve as a pretext to drag America into World War II. Leaders at the highest levels of American power were involved. The attacks of September 11th 2001 were brought about in a similar fashion, essentially by the fellow conspirators.

Unlike 150 years ago, a White man could resign from the United States Government and see to his own state, to defend his home. Now, with fewer and fewer exceptions, the American looks upon the state as nothing more than an appendage of the imperial beast, and the federal government as nothing more than an appendage of the multiracial anti-white world empire. Whenever the White man has decided he has had enough, and starts to fight back against our innumerable enemies, an inevitability as certain as death, his task will be monumental as well as auspicious. He will have to found his own affinity nation-state, as it were, and, come hell or high-water, he must defend his home, soul, and folk, no matter the cost. The term balkanization springs to mind. It is clear, "global homo" will not be welcome and shall not pass.
