grand theft auto V FIVE

## PC INSTALLATION INSTRUCTIONS

1. You will receive a Rockstar Activation Code from your preferred retailer. This code is needed in order to activate your copy of Grand Theft Auto V. Please print or save this for your records, since you will need to enter this code during game installation.

2. From your PC, click the Download link or just click here to get started.

3. You will be prompted to sign in to your existing Rockstar Games Social Club account. If you do not already have a Social Club account, follow the directions to create one and then retry the link.

4. Click on "USE ROCKSTAR CODE" and enter your unique Rockstar Activation Code when prompted. Then click on the "ACTIVATE" button.

5. The site will ask you to confirm that you are activating GTAV for PC. Then click on the "CONFIRM" button.

6. Click on "DOWNLOAD FOR WINDOWS" to download the GTAV installer to your PC.

7. Follow the instructions in the installer to complete the installation process.

Lost your Social Club password?

Click here to reset your Social Club password.

Please note that this will only send you a reset password link if you use the correct email address. If you are sure you have a Social Club account but do not receive a reset when using that link, try using any other of your email addresses you may have used to originally sign up.

If you're not yet a registered member of the Rockstar Games Social Club, signing up is easy and free - create your profile, link your games and get access at socialclub.rockstargames.com/signup.

If your download was successful, but you are still having problems entering your Rockstar Activation Code or running the game, get detailed technical support from rockstargames.com/support.
