### Thule One Key System 544/588

Make life easier and save yourself the trouble of keeping track of different sets of keys for your roof rack, ski carrier, bike carrier or roof box. Exchange the lock cylinders in all your Thule products and use the same key for all. Simply ask for Thule One Key System!

# > Thule roof racks

New

## Thule WingBar Edge

Thule WingBar Edge has an extra low profile that stays closer to the roof, making your car look even better. The rack has been designed to stay on your car, even when not in use. By using aeroplane technology and wind tunnel testing, noise levels- and aerodynamics are at the best levels on the market.

### Thule WingBar Edge 958X

#### FEATURES

- The low profile and close fit to the roof creates a stunning look, also making it safer when driving under low passages.
- Smoothly arched for a slim fit.
- Universal fit by the use of telescopic feet (50 mm/side).
- Superior safety thanks to the torque key.
- Double molded plastic caps for best appearance and easy fitting.
- Easy handling with the pre-assembled system and integrated foot (complete pack).
- Theft protected and universal fit through steel strap technology.
- Thule WingBar in new configuration, using airplane technology for best aerodynamic properties.

#### SPECIFICATIONS

Available in five variants:  
9581, 9582, 9583, 9584, 9585

### Thule WingBar Edge 959X

#### FEATURES

- The low profile and close fit to the roof creates a stunning look, also making it safer when driving under low passages.
- Thule WingBar Edge is smoothly arched for a slim fit.
- Universal fit by the use of telescopic feet (50 mm/side).
- Double molded plastic caps for best appearance and easy fitting.
- Easy handling with the pre-assembled system and integrated foot, complete with existing 753-kit (2-pack).
- Thule WingBar in new configuration, using airplane technology for best aerodynamic properties.

#### SPECIFICATIONS

Available in five variants:  
9591, 9592, 9593, 9594, 9595

# Thule Rapid System

The safe and universal roof rack system offering multiple bar options to match your specific need. Thule Rapid System fits the majority of the car park and has solutions for all different roof types.

## Thule SlideBar

The innovative Thule SlideBar makes loading of heavy items simple. And because it slides out on either long side of the car body, it protects your car from damage and you from getting dirty.

### SPECIFICATIONS

Available in three lengths: 127 cm (SlideBar 891), 144 cm (SlideBar 892) and 162 cm (SlideBar 893). T-track adapter required when using Thule roof mounted load accessories.

reddot design award  
winner 2011

### FEATURES

- Bi-directional sliding (60cm in each direction), for easiest loading of bulky load on car roof.
- Bi-directional sliding, to avoid scratches in car and dirt on your clothes.
- One-hand release functionality with rubberized grip-panels for most ergonomic user interface.
- Maximum user security through snap-lock functionality & red-colour indications for open and closed position.
- Premium Scandinavian design rewarded with Red Dot and If-Design award.

## Thule WingBar

The strong, silent type.

Inspired by aircraft wings, the new Thule WingBar is safe, stylish, aerodynamic – and extremely silent. Compared to its predecessor, the sound energy has been reduced by 90% and the air resistance by 55%.

### SPECIFICATIONS

Available in five lengths: 108 cm (WingBar 960), 120 cm (WingBar 961) 127 cm (WingBar 969), 135 cm (WingBar 962), 150 cm (WingBar 963).

### FEATURES

- WindDiffuser™. Extremely silent through wing shaped profile in combination with structured rubber-insert. Thule WingBar generates 90% less sound energy than the Thule AeroBar.
- SmartSlide™. Easy to use through innovative length scale list.
- TrailEdge™. Designed to reduce wind drag and improve fuel economy.
- WingPlug™. Easy fixation of accessories through top T-track and innovative end plug.
- Excellent Aerodynamic properties, drag force is reduced with 55% vs. Thule AeroBar (860-869).

## Thule SquareBar

If you only use your bar once in a while, the standard Thule SquareBar, made of steel and coated in black plastic for a durable finish, might be right for you.

### SPECIFICATIONS

Available in five lengths: 108 cm (SquareBar 760), 120 cm (SquareBar 761) 127 cm (SquareBar 769), 135 cm (SquareBar 762), 150 cm (SquareBar 763)

# > Thule load carrier feet

## Normal Roof

**Thule Rapid System 754**  
The most secure and exclusive roof rack for cars without railings or fixation points.

## Fixpoints/ Flushrailing

**New**

**Thule Wingbar Edge 959X**  
The most safe and silent roof rack. Now in low fit.

**Thule Rapid System 751**  
A smart universal roof rack foot for cars with pre-installed fixation points.

**Thule Rapid System 753**  
An elegant, lowered universal roof rack foot for cars with pre-installed fixation points or flush railings.

## Roofrailing

**New**

**Thule Wingbar Edge 958X**  
The most safe and silent roof rack. Now in low fit.

**Thule Rapid System 757**  
The world's most sold load carrier for cars with normal-sized roof railings.

**Thule Rapid System 775**  
The universal, elegant railing rack that fits the broadest range of railing dimensions.

**Thule Smart Rack with SquareBar 784/785 with AluBar 794/795**  
A universal, easy to use complete packed railing rack.

## Rain gutter

**Thule 951**  
A classic roof rack for cars with rain gutters.

Fits railing sizes between 22-55 mm.	Fits railing sizes between 20-68 mm.	Fits railing sizes between 18-50 mm. Lockable with special tool.	Complete pack	Also available for cars with raised roof, foot packs 952/952-2 and 953/953-1

<sup>1</sup> Maximum load is the maximum approved weight for each type of roof rack. Consult your car manual and the Thule fitting instruction for your car's maximum load limit.

<sup>2</sup> Foot height is the distance from the base of the foot to the contact surface of the bar.

Please note that:

- For distances to the top of the bar, add 22 mm for Thule SquareBars, 27 mm for Thule AeroBars, 27 mm for Thule WingBars, and 48 mm for Thule SlideBars.
- The car specific fitting kit is excluded in the height measurement.

**1**

Look up your car make, model and type.

**2**

The numbers represent the components you need to complete your roof rack.

**3**

If there is a letter in the Info column, be sure to find out what it means below.

**4**

In some cases we offer complete packed alternative solutions.

**FOOT + SHORT ROOF ADAPTER (SRA)**  
 Roof rack feet in sets of four. For detailed information, see page 6.  
 The SRA is an adapter for cars with short roof, to increase the distance between the load bar. (Only needed for some car models and only in combination with Thule Rapid System 754).

**BAR**  
 Load bar in sets of two. In steel or aluminium. For information see page 4-5.

**KIT**  
 Roof rack Kit in a set of four. For car specific fit of the load carrier feet to the car roof.

A complete roof rack in one single package.

Important information regarding your roof rack, see table to the right.

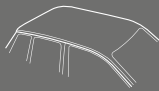

<b>A</b>	Max load	30 kg	<b>i</b>
<b>B</b>	-II-	40 kg	
<b>C</b>	-II-	50 kg	
<b>D</b>	-II-	60 kg	

If column is blank, load capacity is over 60 kg. Please check the fitting instruction for information.

- H** The distance between the roof rack bar does not permit the fitting of a roof box.
- K** Holes have to be drilled in the roof.
- L** Only permits fitting of one roof rack bar.
- M** Without mounting holes in the door frame.
- N** WingBar Edge has an attractive low profile to the car roof. Therefore care must be taken when fixing additional accessories, such as roof boxes, so as not to interfere with any existing attachments (like antennas) on the vehicle.

# › Thule Professional

## Your dynamic platform for heavy-duty purposes

**Thule Professional** is a fully integrated system, so tailoring it to your specific needs and way of working is quick and easy. All you need is the make, model and year of your work Van – and then follow the recommendations presented in this easy-to-use fit guide. All products in this guide are tested on each specific vehicle model and Thule guarantees that the recommended products will fit your vehicle. If you follow our recommendations, we can assure you a high safety standard. If you cannot find your vehicle model listed here, then visit our website [www.thule.com](http://www.thule.com), for an up-to-date list of vehicle fittings.

### Car make

Look up the page where your vehicle make, model and model year are listed. All makes appear in alphabetical order.

### Recommendation

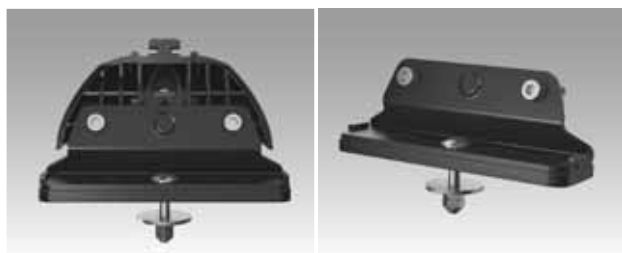

The recommended solution for your vehicle includes all necessary parts for a complete Heavy-Duty Bar solution. For some vehicles, we list solutions with 1, 2, 3 and 4 bar.

## Thule Artificial Fixpoint 543

Universal fix point kit for fixation of Thule Rapid System 751 & 753 feet.

### SPECIFICATIONS

Fits only 751 and 753 feet

### FEATURES

- Fixpoint kit to be fixated on covers made out of strong materials like glass fibre, aluminium, plastic or steel.
- City crash approved for 75kg according to ISO-norm.
- Artificial fixpoint to be combined with Thule Rapid System load carrier feet 751 or 753 feet and suitable load bars.
- All parts in contact with the car have soft coating to prevent marks and scratches.

## Thule Heavy-Duty Bar

The load bar with a unique tri-slot design for fitting of multiple accessories

### SPECIFICATIONS

Available in six lengths: see below

### FEATURES

• The tri-slot design gives great flexibility and opens up the possibility of combining a range of different load accessories that can be used independently of each other or together. • In the top track, you can for example fit the Thule Load Stop, Thule Ladder Tilt, Thule Ladder Holder etc. You mount each accessory in just a few seconds. Just slide it in and lock in place. • In the rear track you can very easily alter between Thule Roller, Thule Foldable Load Stop and Thule Eye bolt. Or let them be mounted together. And you will have the top of the Thule Heavy-Duty Bar free for your load.

Fulfills City Crash norms	yes	yes	yes	yes	yes			
Miscellaneous			Railing sizes 22-55 mm	Railing sizes 20-68 mm				

<sup>1</sup>Maximum load is the maximum approved weight for each type of roof rack. Consult your car manual and the Thule fitting instruction for your car's maximum load limit.

<sup>2</sup>Foot height is the distance from the base of the foot to the contact surface of the bar.

**Please note that:** •For distances to the top of the bar, add 22 mm for SquareBar and 37 mm for Professional bar. •The car specific fitting kit is excluded in the height measurement.

<sup>3</sup>Article in two variants: 754000 = lockable with one key system 544. 754002 = locks included. Please check product packaging for content information.

# › Thule rear door bike carriers

These carriers can easily be mounted on the rear door with quick-mount attachments. Rubber frame holders keep the bikes firmly in place and protect the frames from scratches. When not in use, simply fold and store the carrier in the car or garage. For those who want to carry their bikes inside the car, we have got a smart solution for that too.

## Thule ClipOn High 9105/9106

A fast-mounted and convenient bike carrier with a high position that keeps the rear lights visible.

### FEATURES

- Easy to mount to the rear door with a unique snap-on system and patented locking mechanism.
- Elevated position leaves rear-lights and license plates visible on most cars.
- All parts in contact with the car and bikes are coated with rubber for extra protection.
- Quickly folds up for easy storage.
- Extendable wheel trays.

## Thule BackPac 973

Special carrier for transporting bikes on MPVs and jeeps.

### FEATURES

- Position keeps the rear lights and the license plate visible. Detachable and easy-to-move frame holders.
- Carries up to two bikes, or three to four bikes with an adapter.
- All parts in contact with the car and bikes are coated with rubber for extra protection.
- Bikes lockable to carrier, carrier lockable to car with Thule Lock 567.

## Thule ClipOn 9103/9104

A fast-mounted carrier for stable transport of up to three bikes.

### FEATURES

- Easy to mount onto the rear door with a unique snap-on system.
- All parts in contact with the car and bikes are coated with rubber for extra protection.
- Adjustable quick release straps hold the wheels securely in place.
- Quickly folds up for easy storage.

## Thule FreeWay 968

Reasonably priced alternative, mainly for sedan cars.

### FEATURES

- Easy to mount onto the rear door.
- All parts in contact with the car and bikes are coated with rubber for extra protection.

## Thule InDoor 592

Bike carrier for those who want to transport their bike inside the car.

### FEATURES

- The safest way of transporting bikes inside your car.
- Superior safety and stability.
- Indoor 592 carries 2 bikes. Combined with Indoor 593, 3 bikes can be transported (dep. on car, please see Guide)

# We have tested all the listed recommendations individually

Please note that if you don't find your car in this guide, it may have several reasons:

1. Your car has a plastic/weak/large spoiler
2. Your car has a plastic or a divided rear door
3. The car manufacturer does not allow the fitting of rear door carriers (e.g. Golf VI)
4. Your car is very new on the market (less than 6 months)

Please always check online at [www.thule.com](http://www.thule.com)

Car manufacturers market their models with different features in different countries around the world e.g. a chrome part or spoiler is added on the rear door. Due to weakness in plastic spoilers, rear door carriers are not allowed to be used on these cars, even if they are recommended in this guide. Thule does everything to take this into consideration but can not be held liable for these local deviations.

Look up your car make, model type and year.	This is the Thule Bike Carrier model you need.	To fit it to your car, you need an Adapter Kit for some carriers.	Here you can see if you need an extension adapter to fit additional bikes.	If a lock for the bikes is not included, we recommend securing them with our Thule Cable lock 538.	Depending on the car model, tail lights and turn signals as well as the license plate can be covered. In this case we highly recommend to use our Thule Lightboard 976 to replace them.

## Accessories

**Thule Knob lockable 526/527**  
Locks bike frame holders on rear mounted bike carriers.(if not standard)  
526 = 2 pack. 527= 4 pack.

**Thule Lightboard 976**  
Substitutes the most important rear lights on your car. Easily fitted with adapter 9761 (Thule HangOn, and Thule Xpress), or by using straps (Thule BoltOn).

**Thule Cable lock 538**  
Plastic coated, 180 cm long steel cable that locks almost anything. With lock protection.

**Thule One-Key System 544/588**  
Avoid the hassle of several different keys, upgrade to Thule One-Key System and get one key for all Thule products.

**Thule Wheel adapter 9772**  
Special protection for road bikes and mountain bikes. Place between the strap and the rim. Protects the rim on mountain bikes and helps secure the wheels of road bikes.

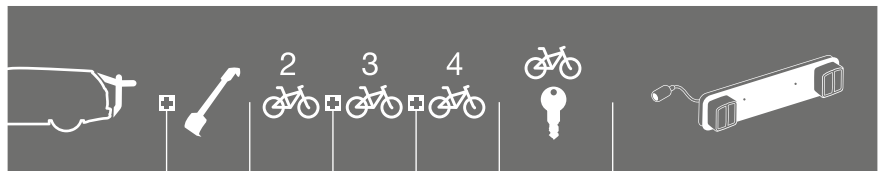

**Thule Bike frame adapter 981/982**  
For easiest possible fitting of bikes with non-standard frames, as well as lady and BMX bikes. 981 for carriers with bikes hanging (e.g. ClipOn, FreeWay, HangOn, Xstream) and 982 for carriers with bikes standing on a platform.

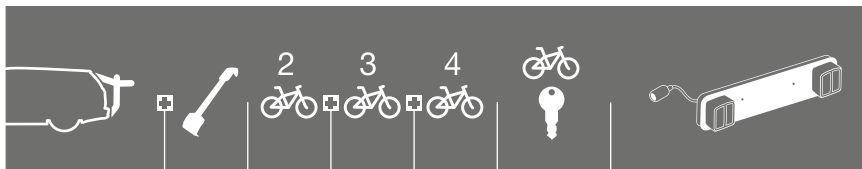

**Need to transport one or two extra bikes?**  
Add adapter 973-23 and 973-24  
With adapter 973-23 the capacity of Thule BackPac increases from two to three bikes and with adapter 973-24 from three to four bikes.

# > Bike carrier for Eco/ Hybrid cars

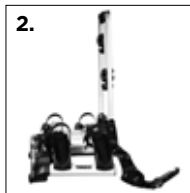

## Thule EuroClick G2 919

A bike carrier solution for vehicles that are not allowed to tow, environmental friendly / eco cars / hybrid cars. Example-cars are: Toyota Prius, Toyota IQ, Suzuki Alto, Ford Ka, Citroën C1 etc. These cars are called carrying-cars or non-towing cars, as they are not allowed to tow a trailer or caravan. The Thule EuroClick G2 can also be used for other vehicles that are equipped with a Thule detachable system.

### SPECIFICATIONS

Consists of two items:

1. Crossbeam with receiver for the car including Electric Wiring-Kit with 13-pin connector (to be installed in car shop)
2. Bike carrier Thule EuroClick G2 with a towbar-attachment that sticks right into the receiver of the car.

### FEATURES

- Folds easily for convenient storage.
- Carrier lockable to car.
- Movable bike frame holder for easy load.
- Smart foot-operated tilt function enables convenient boot access even with bikes loaded.
- Wheel straps with pump-buckles for comfortable, quick and safe securing of the bikes.
- See car recommendation list.
- For up to two bikes.
- Compatible with Thule's detachable towbar.

Volvo	C30 DRIVe, Hatchback Start/Stop, 10-	Connector kit 13-pin 524344	919330

The Thule EuroClick G2 919 needs to be complemented with the above mentioned connector kit and should be installed by a car garage.

## > Thule Safety

### Tested the hard way for tough roads.

We'll never know what adventures you'll be taking your equipment on. That's why we develop our products to manage any weather, any temperature, and any terrain in the whole world. We've come to the conclusion that nothing else will do. You can just imagine what our test centre looks like. Every new product is put through temperatures of icy northern cold and burning desert heat, long sessions of intensive UV radiation, a salt chamber for corrosion endurance, several pressure and capacity tests – and finally a machine that shakes it for a lifetime's worth, simulating two trips around the world in less than a week. Yes, it's kind of brutal. But that's the way the world is. And since we only give the sign of approval to products that have had the whole world against them (and survived it), it's no wonder we're international leaders in safety and durability – or that we even exceed the standards.

## > Thule Warranty

THULE will warranty load carrier systems, roof boxes and accessories produced by THULE and sold under the brand name THULE, to the original purchaser up to five years from the date of the original retail purchase to be free from defect in materials or workmanship.

Warranty period varies depending on product type and is stated on the product packaging.
