

WEEZER GREATEST HITS PLAYLIST

Voted on by the good people of r/weezer

Disclaimers

- 54 Total voters over a ~36hr period
- For the covers and demos sections, I only included the ones with 2+ votes
- I didn't include EWBAITE's trilogy because the point was to make a Greatest Hits list and I feel like you can't just include 1/3 of the trilogy, they'd need to be together
- Hurley doesn't have a results page because I made a separate post in r/HurleyGang for those results
- While this obviously isn't the most accurate survey in any way (my Stats teachers would slaughter me) – I feel like it's pretty indicative of what I've seen in my time in the "fandom" so.
- For the final list, I included the #1 and #2 songs from each album, plus the top cover and the top 3 demos – since some of them got more votes than the winning songs from certain albums.
- MB and Raditude had a huge disparity between #1 and #2, so I only included one from each of those (as much as it pained me to do so, lol)
- Pinkerton and White each had a tie for #2 so I just included both for those
