

## UNIVERSITY/TRADE SCHOLARSHIP APPLICATION 2019

In 1953, University of Texas graduate and World War 2 veteran, Lavoy Moore, opened the doors to Moore Supply in Conroe for the very first time. Under Lavoy's leadership and commitment, the company grew and expanded to dozens of locations throughout the state of Texas, and is now a part of Hajoca corporation - the largest privately owned plumbing distributor in the United States.

Moore Supply Conroe still employs the "whatever it takes" mentality that Lavoy founded the company with. We are happy to help our customers in any way that we can, by finding creative solutions to their plumbing needs. Our location has one of the largest showrooms in the Houston area, with four full-time consultants who take the time and care to help customers with any plumbing selection. Our parts counter and inside sales teams work with plumbers and contractors to provide them with the necessary products and solutions to best serve the community.

Serving the Greater Conroe community has always been one of our priorities. In an effort to give back, we are establishing programs to help local businesses grow, as well as a scholarship for Conroe Independent School District. Two graduating seniors will be awarded a scholarship for \$2,500 – one for enrolling in a college/university, and the other for enrolling in a trade school.

### Scholarship Requirements:

- 3.0 minimum unweighted high school GPA
- Must have been involved in at least 1 extra-curricular activity in High school
- Must plan to be a full-time student at a college/university *or* trade school (Plumber, electrician, etc.)
- Must commit to working part-time at least 20 hours/week

Please submit your completed applications by May 15th, with the following materials:

- Completed application
- Professional/academic resume with list of extracurricular activities
- Letter of recommendation from teacher or counselor
- Post a 1-minute creative video on Facebook about why *you* should win this scholarship, tagging @Moore Supply Conroe.
